

New Republican Club Gains Many Members; No Endorsements Made

**Candidates Address Crowd;
Larson Heads Member-
ship Committee**

The new Antioch Township Republican Men's Club gained considerable momentum at its meeting Tuesday evening at Guild Hall when 50 new memberships were received.

For a young organization it is really going good, Chairman Herbert Horton for the organization said.

Because of its youth the Club will make no endorsements for the coming primary.

Many candidates for office were present at Tuesday night's meeting. Rep. Robert Coulson, Rep. W. J. Murphy, Bernard Drew, and Mayor Francis J. Berry, all candidates for the assembly, were present and spoke for five minutes on their candidacy.

Norris Froelich, candidate for sheriff, was present, but Robert (Mickey) Babcox, the other candidate, was absent. "I'm a policeman, not a politician," was Froelich's comment.

Other candidates present were Hugo Schneider, unopposed for treasurer; Frank Nustra and Allen J. Nelson, candidate for clerk of the probate court.

Chairman Horton appointed as a membership committee Charles Larson, deputy sheriff, and Herbert Litchfield, justice of the peace.

Secretary Ted Kaptain announced that the next meeting will be held Wednesday, April 2, at a place to be announced later. He asked that all correspondence be addressed to the Antioch Township Republican Men's Club, Box 555, Antioch, Ill.

Antioch Commercial Students Told Jobs Available to Efficient

Assist. Principal Warren Polley and Miss Esther Slavin of the Antioch Township High School Commercial department accompanied a number of commercial students in attending the 13th annual Business Students' Conference at Chicago Monday. Polley is former president of the Chicago Area Business Educators' Assn. that sponsored the event.

They and nearly 300 students from the Chicago area were told by Dr. Louise Paine, vice president of the Star Employment Service, Chicago, that they can readily get jobs in business if they do good work.

Dr. Paine was the principal speaker at the conference which was held on the Chicago campus of Northwestern University under sponsorship of the University and the C. A. B. E. A.

Miss Margaret Perucca of Waukegan Township High School is president of the latter organization. Wayne Harrison, North Chicago, directed the six discussion groups.

Six Lake County high schools were represented at the meeting by about 70 students.

Antioch High students present included Sharon Ott, Lois Wohlfel, Wanda Schlunz, Janet Eppers, Pat Houdeshell, Nancy Bailitz, Barbara Galiger, Pat Drgesel, Judy Zelibor, Cathy Arndt, and Diane Domek.

Wilmot Loses Out at District Tournament

Wilmot High lost both the elimination and consolation games at the district basketball tournament at East Troy last week-end.

Lake Mills which defeated Wilmot 77 to 58, went on and took the tournament by defeating East Troy. Wilmot lost to Slinger by the close score of 49 to 46 in the curtain lowering consolation game.

Wilmot finished its regular season with only one victory; then caught fire and took the sub-district tournament by defeating Sharon, Williams Bay and Walworth. Then the Panthers ran out of steam and succumbed to Lake Mills.

Wins Abbott Plant Award
Marie Gurke, R. F. D. 3, Venetian Village, was one of 25 employees receiving awards for making valuable suggestions at the Abbott Laboratories plant recently. She received \$25 for her suggestion which improved plant procedure. Lyndel McCarter, Waukegan, was named Star of Stars as the top contributor. He has submitted 29 suggestions and 19 of them have been adopted. As a grand award he was given stock in the company.

The Barrington Branches were eliminated from the Sectional at Arlington Heights last night 67-62 by Maine Township.

Tonight at Arlington the Northwest conference will match its skill with one of the leading basketball contenders in the state when Warren meets Elgin at 8 p. m.

High School Band and Chorus Concert Friday Previews Trip Program

**Students to Go to Detroit
Area to Entertain at
High Schools**

The Antioch Township High School Music Department will present their winter musical at 8 p. m. Friday in the high school auditorium.

This will be the only opportunity for people of the community to hear and see the program which the group will present on their tour to Detroit. All proceeds from this concert will go toward financing the trip which will start next week.

Climaxing the program will be selections from the Cole Porter musical "Kiss Me Kate". Other compositions to be performed include "Music for a Carnival" by Grundman, Erickson's "Tocatta for Band," spirituals by the choir, novelties and pop tunes.

Mr. John Romer, president of the Antioch Township High School Music Association will present the Arlon Foundation Award to the outstanding senior music student.

Louis Chenette is instrumental director, Kenneth Smouse is vocal director and Don Chiappetta is director of dramatic production.

The tentative program is as follows:

Band:
Music for a Carnival—Grundson
Die Fledermaus—Strauss
March: Wormwood Scrubs—Farnon
Tocatta for Band—Erickson
Beguin Festival—arr. Osser
La Cumparsita—arr. Walters
March: Our Glorious Land—Olivadoti

Varsity Chorus:
It's Me O Lord—Cain
Deep River—Burleigh
Mary Go to Egypt—Strickland
Girls' Glee Club
Beautiful Yet Truthful—Pfautsch
My Hero—Scotson—Strauss
Girls' Octette
Falling in Love With Love—Rodgers
In the Still of the Night—Porter
Pep Band
Mood Indigo—Ellington
Star Dust—Carmichael
There'll Be Some Changes Made—Overstreet

Band and Chorus
Selections from "Kiss Me Kate"—Porter.

Howard Pannier will be a new clerk at the Antioch post office starting March 22. He will come here from Rogers Park station, and he and Mrs. Pannier will reside on Harden street with his uncle, Gus Bowman. Reports that rural carriers have been chosen have not been confirmed, Postmaster Roy Kufalk said.

Survivors include a son, August; three daughters, Mrs. Elva Motta and Mrs. Marie Axtell; all of Trevor, and Mrs. Nina Lappa, Chicago; two sisters in Denmark; and two grandchildren, Janet Axtell and Ronald Mark.

Funeral services were held Monday at the Strang Funeral home. Interment was in Liberty cemetery.

Civil Defense Plans Disaster Alert Test For Area on May 6-7

**State Asks Antioch Schools
and Organizations
to Cooperate**

"Enemy" bombers zooming in from the north will "hit" Antioch, and the rest of the U. S. during the CD Exercise of May 6-7 with make-believe monster H-bombs carrying a destructive force of millions of tons of TNT. This will be Operation Alert 1958, the nation's biggest air raid test yet, Defense Director John L. Horan said.

The grim tale of death and devastation in Illinois spun by Civil Defense officials will create a nightmare on paper. Granted, this story will not be for real. But someday it might be.

The purpose of this fifth annual nationwide CD exercise is to examine local, state and national readiness to meet a direct nuclear attack. It also will provide training for government personnel, civilian volunteers and the general public.

Illinois and its local CD organizations are now getting plans and equipment geared up for participation in it.

Gen. Robert M. Woodward, Illinois' CD director, today said he expects the public as well as all CD corps to participate. School children will have an opportunity to practice survival actions, evacuation and other CD measures.

Make-believe chemical, biological and sabotage incidents probably will be injected in problems for CD forces in addition to high-powered H-bombs.

Warning time will range from two to four hours. Time of bombings will not be disclosed in advance in order to afford realism.

Gen. Woodward said this year's exercise will differ from last year's in five ways:

1. No strategic warning will be (continued on page 5)

Andrew Mark, 71, Dies, Funeral Held Monday

Andrew (Klaus) Mark, 71, Trevor, Wis., died March 7 at 9:10 a. m. at the Burlington Memorial hospital following a short illness. Born November 23, 1886 in Vrensted, Denmark, he spent his early life there, and came to Trevor in 1907.

In the year 1913 Mr. Mark made a trip to Denmark and brought back his bride to be, Miss Josephine Neilsen. They were united in marriage on May 3, 1914. Mark had farmed in the Trevor area for the past 44 years. His wife preceded him in death June 15, 1933.

Survivors include a son, August; three daughters, Mrs. Elva Motta and Mrs. Marie Axtell; all of Trevor, and Mrs. Nina Lappa, Chicago; two sisters in Denmark; and two grandchildren, Janet Axtell and Ronald Mark.

Funeral services were held Monday at the Strang Funeral home. Interment was in Liberty cemetery.

Grade School Players Make Excellent Rating At Saturday's Contest

The Antioch Grade School entered 32 events in the recent District Solo and Ensemble contest. It received 27 firsts and only 5 second division ratings.

The soloists who received first division ratings are: Barbara Close, David Cardiff, Jane Edwards, Cheryl Galati, Phyllis Kopriwa, Nancy Kufalk, Cheryl Lemke, Carol Lasco, Judy Liddle, Myrna Masek, Judy Turner, Judy Stoffel, Bonnie VanPatten, Cheryl Folbrink, Harleen Young, Carol Wiegart and Susan Polley.

The soloists who received second division ratings are: Pat Brown, June Behrens, Betty Liddle, and Gloria Wiegart.

In the ensemble groups, 10 ensembles received first division and one ensemble received a second.

All the first division winners are now qualified to go to the State contest in April.

Girl Scout Exhibits To Draw Large Crowd

Bringing to a fitting close Girl Scout week, troops of the Lakeside Council of Girl Scouts comprising seven communities will conduct their eighth annual exhibit from noon to 5 p. m. Saturday in Antioch High School. A large crowd is expected.

While most of the exhibits will illustrate projects the troops have carried out, it will by no means represent all that Girl Scouts do. Their interests are legion.

The public is invited to see the exhibit in which troops from Antioch, Fox Lake, Gages Lake, Ingleside, Lake Villa, and Round Lake make presentations to the Julia Low World Fund.

Hanke, Herbst Make All-Conference Team; Warren Wins Regional

**Barrington Wins Regional at
Libertyville, Defeating
the Wildcats**

Two Antioch players were placed on the all-conference basketball team by coaches of the Northwest Suburban Conference.

They are Art Hanke and Wayne Herbst, who were among the top scorers in the league. Others on this mythical team are Denny Freund, record breaking point maker from Wauconda, and Alden Rudin and Corky White both from Warren, the conference champion team.

The second team includes Roger Keene, Lake Forest; Bob Clow, Grayslake; Chuck Usedom and Don Rasmussen of Grant; Doug Wilson of Elia-Vernon; Dick Hansen of Round Lake; and Jay Threadgill of Warren.

Hanke and Herbst, seniors at Antioch High, played their last games in Sequoit basketball uniform in the regional game with Barrington at Libertyville. Barrington defeated Libertyville for the regional championship and is scheduled to play Maine Township in the sectional.

Western Lake County carried the basketball honors this year. In the biggest upset of the season, Warren's Blue Devils beat Waukegan and Evanston in the regional at Arlington Heights where they played Elgin last night. An estimated 1,600 Warren fans expected to witness the game.

It is the first time since 1932 that any team not in the shoreline Suburban League has won the Waukegan regional. Libertyville and Barrington have played in the finals there. Warren fans packed the Waukegan gym to overflowing and they celebrated high when they won from Evanston 57 to 55.

Antioch High finished third in the conference standing. Her lettermen, Hanke, Herbst, Rich Behrens, Pat Roach and Jerry Dittler led in the individual departments.

Mrs. Helen Tillotson, Resident of Pikeville Ill-Long Time, Dies

Mrs. Helen Tillotson, 66, Pikeville, died Wednesday, March 5, at 6:35 p. m. at St. Therese hospital, Waukegan, after an extended illness. Mrs. Tillotson was born March 18, 1891 at Kankakee, coming to Hickory Corners in 1908. Following her marriage to Harrie Tillotson June 24, 1911, they moved to Pikeville Corners, where they resided for 47 years.

She was a member of the Millburn Congregational church and the Ladies' Aid of that church.

Relatives surviving are her husband, Harrie A., a daughter, Mrs. Caryl Hallada, Port Washington, Wis., a sister, Mrs. Edith Thompson of Hickory Corners and two grandchildren, Vaughn and Harriet Hallada. A sister, Mrs. Effie Hunter, preceded her in death March 2, 1957.

Funeral services were held Saturday at the Strang Funeral home, with the Rev. L. H. Messersmith of the Millburn Congregational church officiating. Interment was in Hickory Union cemetery.

Antioch Odd Fellows Host to Nine Lodges

The Antioch Odd Fellows lodge No. 723 was host to District Deputy Grand Master William Madole of Libertyville and 55 members of different lodges from District 13 and 14 of Northern Illinois last Thursday night.

The first degree was conferred on five candidates by a degree staff from Crystal Lake. Second degrees will be conferred at the Waukegan lodge next Wednesday, and the third degrees at Wilmette on March 29 at which the grand master is expected to be present. Nine different lodges were represented in the meeting here.

Crafts Exhibit Monday At Grass Lake P.T.A.

The program of the Grass Lake Parent-Teachers Assn. at 8 p. m. Monday in the school will include a display of craftwork by all Scouts units sponsored by it. The displays are from Cub Pack 80, Scout Troop 30, Brownie Troop 11, and Girl Scout Troop 6.

Election of a nominating committee will take place. Members are urged to attend.

High School Participants in Musical "Kiss Me Kate"

The Antioch Township High School Band and Chorus will present their annual Winter Concert entitled "Musical," Friday evening, March 14, at 8:00 p. m. in the auditorium. The concert will feature selections from the musical play "Kiss Me Kate." Students from the high school music department who will appear in major roles or as understudies in "Kiss Me Kate" are shown grouped around "the map of little Italy." The young people are, counter-clockwise beginning in the upper left hand corner: Nancy Sack-Patt; Jill Gaston-Blanco; John Sershan-Lucentio (understudy); Darlene Harms-Kate (understudy); Sigurd Nelson-Petruchio (understudy); Barbara Young-Blanco (understudy); Penny Anderson-Kate; Ken Mazzuca-Petruchio; Barbara Fleider-Mattie. Absent when picture was taken, Bill Wolfenbarger-Lucentio.

THURSDAY, MARCH 13, 1958

Grass Roots Opinion

HAGERSTOWN, MD., MORNING HERALD: "For decades it has been taken for granted that the rail companies do not generally find the passenger business profitable. Now, however, the picture on freight traffic, always the lines' bread and butter, is growing extremely dark."

"Rail officials told the Senate group that the combination of mounting passenger losses and sagging freight volume has so constricted their financial reserve that they are being forced to curtail sharply outlays for improvements and new equipment."

CLAFIN, KAN., CLARION: "The way to find out how many folks read the hometown paper thoroughly is to make a mistake or print something which can easily be misconstrued. Newspaper folk are human—they try to satisfy but mistakes do creep in."

SANTA PAULA, CALIF., DAILY CHRONICLE: "Is there too much debt? Who knows how much 'too much' is? As far as the private debt is concerned, the soundness of the debt structure simply depends on the soundness of the individual loans. Even if there were no debt whatever in existence it would be still unsound for a merchant to extend credit to a poor credit risk."

DUNN, N. C., RECORD: "The idea of the century comes from Bill France, founder and president of NASCAR, the National Association for Stock Cars, who journeyed to Washington at the close of the year to lay before the President's Committee for Traffic Safety a program for licensing automobile drivers as realistically as airplane pilots."

"Mr. France, whose goal is 'to make highway travel as safe as a ride on a merry-go-round', pointed out to the President's Committee the folly of testing drivers on quiet streets at 25 mph and expecting that this could qualify them for handling cars under present highway traffic conditions and at speeds of 40, 50, 60 and 70 mph."

SHREVEPORT, LA., SUN: "A prominent newspaper recently reported on the movement to unify most of the Protestant churches in the United States. Not an expert in theology, nor in church organization on a high level, we nevertheless think that it is desirable for those of similar views to merge their churches into larger and more influential ones. We are happy that this is not a country of one church, and that our system of freedom of religion safeguards us from the dangers inherent in a one-church system."

To the Moon

Oswald West, a former governor of Oregon, has made this acid little observation: "If the Sputnik critics of our educational system will have a little patience they will find that we will soon be turning out graduates who can pass a football to the moon—were some Russian there to receive it."

Medical Education Week

It's often said that this country has gone overboard on "weeks" and "days" designated to call public attention to some institution or cause.

But there are outstanding and honorable exceptions to this rule. Medical Education Week—to be observed this year during the April 20-28 period—is one of them. It concerns something which has a direct bearing on the welfare and happiness of everyone and it deserves everyone's interest.

There are 83 approved medical schools in this country, and they constitute the foundation of our entire health and medical structure. Their primary job is to train able new doctors in increasing numbers. But, in addition, these schools carry on a wide range of other activities in the fields of teaching, research, service and leadership. Our fund of medical knowledge constantly grows, as does the complexity of our civilization. The work of the medical schools is all-important in pushing back the horizons of the medical sciences.

The financial phase of medical education is an important one. During the 1956-57 school year, there were slightly more than 29,000 students enrolled in the 83 schools. The cost of operating the schools in that same year was more than \$200 million. Only a small part of the school's operating budget comes from student tuition, which simply means they must

look elsewhere for needed funds. Much support has come from two organizations—the American Medical Education Foundation, which is supported by physicians and medical organizations, and the National Fund for Medical Education, which draws its funds from industry and the Ford Foundation.

This is but a small part of the medical school story. We will have an opportunity to learn the whole story when April 20 rolls around, and Medical Education Week begins.

Scrap the Delusion

Authoritative sources report that government spending, federal, state and local, will rise this year from the present annual rate of some \$120 billion and that this will be a powerful "prop" which we can count on to hold up our economy. But where will this money come from? Little of it will be "new money", created through "deficit financing", which would certainly be stimulating but would also further reduce the value of the dollar and encourage individual and national irresponsibility. Instead, this money will be taken from people by taxation in thousands of guises, and when spent by government will certainly be no "prop." Had it been left with those who earned it, it would, for the most part, have been spent anyway and certainly with far more satisfaction and effect.

The necessary expenses of government are very high. The essential costs of this country's survival and position of world leadership are great. But it's time to scrap the delusion that growing big government with its ever swelling spending and taxation can "prop" up anything. It can but lead to dictatorship and enslavement.

Economic Highlights

"The investor's best friend and worst enemy" is one and the same thing—the ubiquitous telephone. That is the gist of a highly informative little booklet which that just been issued by the member firms of the New York Stock exchange. And the information it contains is of very real importance in this age in which many millions of people, most of them with moderate incomes, own shares in our corporations, and the number is steadily increasing.

The telephone, as the booklet points out, is a marvelous instrument and of special value to the investor. If you have a connection with a reputable broker you can buy or sell securities by just making a call. The financial settlement is made later.

However, the booklet goes on, "most of the thieves who foist phony stock off on the public also use the telephone. . . . They do it by phone because they can hardly do it in person." Their offices are of the "hole-in-the-wall" variety. They frequently operate "boiler rooms" where high-powered confidence men keep the phone lines hot fleecing the unwary. They can, legally, call themselves brokers. And the fact that their address may be on a street, such as Wall Street, which is famous for financial institutions, is no protection—anyone can rent space anywhere.

The techniques used by these sharpers is pretty well known. They promise the moon. They start the victim out in a small way, and then gradually build up the stakes until, as often happens, he is committed to the absolute limit. The booklet tells of the not-unusual case of a prosperous retired businessman who put \$250 into uranium stocks on the advice of a telephone solicitor—and, responding to periodic urging, went deeper and deeper until he wound up flat broke.

How can you identify these gyp artists? The booklet goes into that, with a series of questions and answers. Here they are:

Is he in a hurry? The crooks always are—you're urged to buy fast before the price goes up. The legitimate broker doesn't rush you.

Does he plug one certain stock? The crook always does. The legitimate broker will recommend stocks if you want him to, but he doesn't high-pressure you into buying any particular issue.

Does he promise you a profit? The crook will promise you anything—he lives on the get-rich-quick-instinct almost all of us possess in some degree. The legitimate broker makes no rash promises. He will give you the benefit of his professional opinion, but he can't and won't guarantee that any stock is due to increase in value.

Can you check on his reputation?—The crook has no references at all, except, possibly some forged ones that won't stand checking. The legitimate broker will stand up under any business investigation you care to make. Often he is a member firm of the New York Stock Exchange, which prescribes and enforces a rigid code of financial responsibility.

At the end, the booklet offers this proven advice: ". . . to invest intelligently . . . go to a reputable broker, and tell him what your investment objectives are . . . He offers you the most thoughtful guidance he can . . . based on facts, plus his judgment."

Friday, March 28.

The nominating committee has been appointed by Governor M. Verkest. It will come up soon with a slate of officers to be voted on by the membership at the first meeting in April.

The appreciation party given Saturday evening was well attended. A fine dinner was served by the committee with the assistance of Carl Karrisich. This dinner, followed by a dance was in honor of the past governors and Women's Chapter senior regents. The past governors present were Emil Hallwas, 1951; Marilyn Hagen, 1952; Lester Nelson, 1953-54; Ben Noble, 1955; Jack Stieber, 1956. The senior regents were Ruth Hallwas, 1951; Mae Palmer, 1952; Blanche Horton, 1953, who was not present; Dorothy Kennedy, 1954; Jane Meyer, 1955; Harriet Grewe, 1956. The toastmaster at the banquet was the present governor Morris Verkest, who was accompanied by his wife.

Tell How Tranquilizers Act on the Brain

LOS ANGELES—More light has been thrown on the way tranquilizers act on the brain by scientists at the University of California, Los Angeles.

In animal studies it was found that reserpine by itself acted directly on certain brain areas to bring about its tranquilizing effects. These effects are apparently brought about by an action of the drug on regulating mechanisms in the brain stem.

One of the mechanisms affected by the drug is a center called the RAS (reticular activating system) which is known to regulate how "awake" we are.

It had previously been thought that reserpine stimulated the flow of serotonin, a substance thought to be a neuro-hormone, which in turn acted on the brain.

Home Taught

CHICAGO—Today, an estimated 10 per cent of the nation's licensed engineers are home taught. More than 32,000 persons enrolled in home study engineering courses through correspondence schools in 1955.

Vice President Nixon has emphasized that the jobs of more than 4,500,000 Americans depend upon foreign trade, and that we exported some \$8 billion worth of non-military goods last year. He quoted Cordell Hull as saying: "Either goods will cross borders or soldiers will."

Mortality Up Slightly During Past Year

NEW YORK—Reflecting largely the widespread outbreak of Asian influenza, the general mortality in the United States increased moderately in 1957.

The national death rate for 1957 is estimated to be 9.6 per 1,000 population, compared with 9.4 for 1956. It is the tenth year in succession to record a rate below 10 per 1,000.

Since the beginning of September, the acute upper respiratory diseases, including Asian influenza, disabled about half the population for at least one day, according to information available from the National Health Survey.

According to a newspaper account, a large Massachusetts high school spent more on athletics in a late year than on science and mathematics combined.

EDDIE the EDUCATOR says

The 3 R's—reading, writing, and arithmetic are as valuable as they ever were. Three other R's are also needed—resourcefulness, reliability, and righteousness.

MOOSE TOPICS

WOMEN OF THE MOOSE INITIATE NEW MEMBERS

A skit was performed by the Clever Clovers, members of the 4-H club, under the direction of Mrs. Glenn McNeil from Lake Villa, at the chapter night meeting of the W.O.T.M. at the Moose Home on Thursday, March 6.

New members initiated at the meeting were Jackie Horton, sponsored by Jane Meyer, and Julia Swik, sponsored by Cereida Jung. The meeting was attended by 53 co-workers.

Refreshments were served by Winnie Casperson, Moose Haven chairman and her committee consisting of Edna Behrens, Virginia Becker, Lorraine Braecker, Gloria Carrick, Marie Dixon, Rosemary Eckert, Leona Eppers, Ann Fox, Sue Fox, Dorothy Fritz, Irene Gable, Hazel Hawkins, Mildred Harding, Nellie Harrell, Elaine Latal, Georgianna Matthews, Mary Ann Paul, Sophie Radakovic, Veronica Posinski, Irene Schoneck, Jane Verkest, and Gail Wagner.

A corned beef and cabbage dinner will be served at the Moose Home on Sunday, March 16, from 1-6 p. m., by the Hospital and Ritual committees. Co-chairmen of the affair are Estelle Pahlke and Shirley Schiesser. There will be entertainment. Tickets are available for the event from members of both committees.

Mooseheart Music Day was held at the Antioch Grade School on

Sunday, March 9. Visiting chapters were Zion-Benton, Harvard, and McHenry, with Antioch chapter No. 735 serving as hostess. Woodstock was unable to attend the meeting.

The Senior Regent from Zion-Benton is June Schadle; Harvard Senior Regent is Hazel Johnson; the senior regent from McHenry is Nancy Bowman, and Arlene Conour, who was not present, is the Senior Regent of Woodstock.

In the ritual ceremony, Zion-Benton performed the Opening; McHenry did the Endowment Fund; Antioch did Balloting and Closing; and Harvard did Initiation.

The address of welcome was given by Harriet Grewe, Junior Graduate Regent from Antioch, and the response was given by Senior Regent Hazel Johnson of Harvard.

Morris Verkest, Governor of the Antioch Loyal Order of Moose, No. 525 read an address on "Mooseheart Music Department."

Dorothy Kennedy of the College

of Regents of Antioch Chapter No. 735 gave an address on the "Music Scholarship Fund."

Contributions from these chapters will be used to provide equipment for the Mooseheart, Illinois, Music Department.

The Mooseheart Music Department consists of Concert and Marching Bands, Protestant and Catholic Choirs, Girls' Drum and Bugle Corps, Symphony Orchestra and Piano, Organ and Vocal Instruction.

Following the ceremonies refreshments were served at the Moose Home.

The 49ers party in April is the Moose fun affair for the year. You may dress western or come in aprons and denims, grow a moustache or a beard. Pigtales or Diamond Lil costume jewelry will be appropriate. The party will go back 109 years to the days of Wild Bill Hickok and two-gun Lizzie.

There will be fish and shrimp

Are You A Liar?

If you are a criminal, don't come to the Lie Detector (Polygraph) demonstrations to be conducted by Deputy Sheriff Charles E. Larson —

MEETING OPEN TO THE PUBLIC

ANTIOCH AMERICAN LEGION POST 748

MARCH 20, 1958 — 8:00 P.M.

Antioch Township High School Mathematics Dept. Presents Impr. Program of Content, Instruction

(Contributed)

For the past five years the mathematics department in the Antioch High School has been improving the teaching of mathematics by continually re-appraising and re-evaluating the subject content, the methods of teaching, and the mathematics courses offered. The result has been an upgrading and improvement in mathematics instruction.

The arrival of "spatnik" and "explorer" upon the scene of our every day existence has given additional and renewed activation to the local community, teachers and school officials to do even a better job of instruction so that mathematics at A.T.H.S. can better meet the needs and the interests of pupils and the needs of our American society.

In the mathematics department of the high school, two courses are offered on the freshman level—Elementary Algebra and General Mathematics, the latter being largely a survey course which includes arithmetic and a general introduction to Algebra and Geometry.

A study of Algebra clarifies the number system and ties together the fundamental concepts of arithmetic through the use of arithmetic principles carried out as generalities.

Algebra, a course which is basic to all further mathematical study, assists the student in developing an appreciation of the number system. One of these two courses is required of all students entering grade nine and registration is assisted by a testing program along with eighth grade teacher recommendations and parental guidance.

For upper classmen Plane Geometry, Advanced Algebra, Plane Trigonometry and Solid Geometry are available; the latter two being one semester courses. Advanced Algebra may precede Geometry, if desired, but both must be completed before entering Trigonometry. Enrollment in these courses usually consists of students who are interested in college, enjoy working with generalities, or who are fascinated by the relationships involved.

After much consideration and careful planning, the students of similar abilities are placed in the same class thereby making it possible for the slower student to compete and achieve within his own level while the stronger student is challenged by being with those of similar capacity. This also permits the faster student to delve deeper into the subject and thus achieve more. This arrangement has been found to be quite satisfactory and can be improved upon as more facilities become available.

NATIONAL LIBRARY WEEK

MARCH 16 TO 22

Governor William G. Stratton has proclaimed the observance of National Library Week in Illinois in accord with its national celebration on the week of March 16 to March 22, 1958. The Antioch Township Library is proud to display, in time for National Library Week, a 1958 edition of the Encyclopedia Britannica and a 1958 edition of Van Nostrand's Scientific Encyclopedia, as useful additions to the Library's reference room.

Many fine books have been added to all departments of the library and will be placed on display for National Library Week. Fine new editions of "The Three Musketeers," "Legend of Sleepy Hollow" and "Robinson Crusoe" are among the new books in the young people's department.

Some notable new books recently received include: "Time and the Hour" by Howard Spring; "The Titans" by Andre Maurois; "North from Rome" by Helen MacInnes; "Ride the Red Earth" by Paul Wellman; "A Death in the Family" by James Agee; and "The Old Man and the Boy" by Robert Ruark.

Science Digest and Coronet have been added to the periodicals now being received at the library. National Book Week is an excellent time to come in and browse among the bookshelves and acquaint yourself with the resources of the library. Why not come in and bring the whole family?

Mrs. Byron Patrick, Correspondent
Telephone VI-3-3593

Miss Judith Ann Dix, a student nurse at Beldin Memorial hospital at Green Bay spent the week end with her mother, Mrs. Lester Dix.

Mrs. Charlotte Bloss spent the week-end at the home of her son, Milward Bloss and family at Wheatland.

Mr. and Mrs. Byron Patrick drove to Chicago Sunday afternoon and visited with Mr. and Mrs. Thomas Presco.

Mr. and Mrs. E. H. Hartnell spent Wednesday afternoon in Kenosha. Mr. and Mrs. Joseph Welchert and children of Bloomington, Wis., spent the week-end with Miss Olive Hope and Mrs. Agnes Morrow.

Mr. and Mrs. Orville Riggs of Stone Lake who are house guests of Mr. and Mrs. Robert Imrie, are spending this week with Mr. and Mrs. Howard Ellis of Silver Lake. The Royal Neighbors will meet at the home of Mrs. Roger Huntoon today (Thursday).

Heart Artery Used Successfully In Repair of Throat

LOS ANGELES — A promising new repair process for cancer-ravaged throats in which the large artery of the heart is used to restore the esophagus has been reported from the University of California Medical School, Los Angeles.

Dr. Joel Pressman, UCLA professor of surgery, described the new technique last week before the Southern Section of the American College of Surgeons in Palm Springs. The research has been supported by the U. S. Public Health Service.

The technique was developed during several years of animal experimentation, the UCLA surgeon said. It has been performed successfully in two human cases.

The large artery, known as the aorta, is the main exit of blood from the heart. It is obtained from a human artery bank where it is stored in a dehydrated state in a sealed tube.

The aorta may be used as an intact tube to replace the entire section of the esophagus situated in the neck. Or a portion of it may be used to "patch" the cervical esophagus, depending on how much of the organ has been removed in cancer surgery.

Actually the aorta serves as a "form" around which the body's natural repair processes rebuild a new esophagus. The artery may remain in place for many months but is eventually absorbed and replaced by new tissue.

The elastic tissue of the large artery seems ideally suited to the body's repair processes, Dr. Pressman said.

HEALTH HINTS

National Chiropractic Association

'Grave-Yard Stew' and Your Digestion

Milk and crackers, "grave-yard stew," solemnly recommended as a therapy for stomach troubles, is only a temporary expedient which cuts down the work of digestion. Those who prescribe it fondly hope nature will take over during this "rest period." Unfortunately, "stomach trouble" is a Hydra-headed monster which represents failure of digestion (indigestion), gastritis, ulcers, tumors, propped (fallen) stomach, and the discomfort can stem from many malfunctioning organs and in any part of the digestive tract. Many are cases of "nerves."

The proper function of all of the digestive and eliminative organs depends upon the stimulus of nerve action, which must be normal to maintain digestion. This is not unique, for every part of the body—down to the tiniest individual cell—cannot "live" and function without the nerve force which flows to it along the nerve "network" of the body. Without "life" the digestive organs "black-out" like electric lights when current is interrupted. But there can also be "overloaded" power lines or nerves. When this happens, stomach ulcers may result.

Restoring the "current"—that is, the nerve force, to the deprived digestive apparatus, sets it going again in a normal manner. This technique and knowledge is the province of the doctor of chiropractic, a specialist who spent four years in studying how to do so. He knows "grave-yard stew" cannot restore impaired organs, due to insufficient nerve force. This is the direct result of interference with normal nerve energy, which the chiropractor can correct by manipulation.

In God is my salvation and my glory; the rock of my strength, and my refuge, is in God.—(Psalm 62, 7.)

Let us then daily affirm—not once but continually—that the only true and lasting happiness on earth is to be found in God and in serving Him: that in Him alone we can find the strength to bear life's inevitable sorrow and adversity: that in Him alone is the joyous peace we all seek and may have.

Nancy Swenson Becomes Bride Of L. H. Zitkus

Now honeymooning in Florida are Mr. and Mrs. Lester H. Zitkus, who were married March 8 in a double ring, candle light ceremony in the Millburn Congregational church. The Rev. L. H. Messersmith solemnized the vows, at an altar decorated with baskets of pink gladiolas and white stock.

The bride, the former Nancy Joyce Swenson, is the daughter of Mr. and Mrs. Franz A. Swenson, Deep Lake Road. Her bridegroom, who lives in Antioch, is the son of Mrs. Anastasia Zitkus, 2112 N. Moody Ave., Chicago.

Given in marriage by her father, the bride wore a gown of chantilly lace over satin. The lace bodice was fashioned with a scalloped neckline trimmed with sequins, and the full skirt was styled with a chapel length train. Her fingertip veil was caught to a crown of sequins and lace. She carried a colonial bouquet of white carnations and orchids.

Mrs. Verle Swenson, as matron of honor and cousin of the bride, wore a ballerina length gown of pink chiffon, with headpiece including carnations of matching color. She carried white carnations and red roses.

Dressed alike in ballerina length gowns of aqua chiffon were the bridesmaids, Mrs. John Matteson and Mrs. Richard Radke. They carried bouquets of pink carnations. Richard Peacock was the bridegroom's best man, and Victor Ottolino, George Swenson and Francis Swenson served as ushers.

A trio composed of Mr. and Mrs. Frank De Young and Mrs. John Wiegell, sang "Bless This House," "I Love You" and "The Lord's Prayer," accompanied at the organ by Hans Von Holwede, former music teacher at the Antioch Township High School.

A reception for 300 guests was held following the ceremony, at the American Legion hall. Miss Mary Swenson of Kenosha and Mrs. Roger Millen of Oak Park, aunts of the bride, poured.

The bride is a graduate of Antioch Township High School, is president of the American Legion Auxiliary Unit No. 748, Antioch, and is employed at the Chicago Title and Trust Company in Waukegan. The bridegroom is a graduate of Steinmetz High School, Chicago, and served 20 months in the United States Army during the Korean Conflict. When they return April 1, from their wedding trip, they will make their home in Millburn.

Randall School P.T.A.

Elects New Officers

Randall Consolidated School had its monthly PTA meeting at Bassett town hall last Wednesday, March 5. Due to the snow storm, the guest speaker from the Wisconsin Conservation Department didn't get to the meeting, which was a disappointment to the large group who gathered to hear him, and see his film on water conservation.

During the business meeting, election of officers were held. Those elected were: president, Arthur A. Avery; vice president, Mrs. William Krumpen; secretary, Mrs. William Porter; treasurer, Mrs. Donald Howell. Transportation for the immunization program was also discussed.

Refreshments were furnished by the second grade mothers and served by Mrs. Walter Brandes, Mrs. Timothy O'Mara and Mrs. Earl Ranker.

Miss Matus Betrothal Told

Jeannette Matus

Mr. and Mrs. Lada Matus, 6808 Sixteenth Street, Berwyn, announce the engagement of their daughter, Jeannette, to Harold E. Cardiff, Jr., son of Mr. and Mrs. Harold E. Cardiff, Sr., North Main St., Antioch. Plans are being made for a November wedding. Miss Matus is a graduate of Morton High School and is employed with the Pennsylvania Railroad, Chicago, and Mr. Cardiff is a graduate of the University of Illinois and of Colorado State University and is employed with Johnson Motors at Waukegan.

Mesdames John Rackow of Barrington and Richard Thorne of Deerfield were co-hostesses at a post-nuptial shower given in honor of Mrs. Allan Huebner, granddaughter of Mrs. Frank Brett of Channel Lake, at the home of Mrs. Rackow Sunday. Those attending from Antioch with Mrs. Brett were Mrs. Paul Zeien, Jr., Mrs. Russell Homan, Miss Ellen Homan, and the Misses Mathilde and Agnes Olsen. Many beautiful and useful gifts were received by the bride. A delicious luncheon was enjoyed by the twenty guests present.

MRS. SOMERVILLE CELEBRATES 84TH BIRTHDAY ANNIVERSARY

Mrs. Mollie Somerville celebrated her eighty-fourth birthday anniversary at her home Sunday. "Mollie" prepared the turkey dinner and baked her own birthday cake. The dinner guests were Mr. and Mrs. J. W. Bernbaum and Miss Dorothy Carmeyer of Chicago; Mrs. Catherine Kennedy of Evanston; Mr. and Mrs. Earl Somerville of Loon Lake, and Mrs. Walter Hess of Cleveland, Ohio. Mrs. Hess remained for a few days visit at the Somerville home.

Mr. and Mrs. Fred Gauger of Twin Lakes, Wis., recently visited their aunt and uncle, Mr. and Mrs. Gus Lubkeman at the home of their daughter, Mrs. Hazel Sherff, at Madiera Beach, Fla. Laura Paczkowski Pach and Mr. and Mrs. George Stumpf of Antioch were also guests at the Sherff home.

Mrs. John Warum of Felter's Subdivision will celebrate her 75th birthday anniversary Saturday, Mar. 15. Her daughter, Frances Plank and grandson, Frank will celebrate their birthdays the same week and will be guests of Mrs. Warum on her birthday.

Mr. and Mrs. Peter Zalatoris and son, Peter, Mrs. Mae Einfeldt and Mr. and Mrs. J. M. Brahya of Lake Marie, were guests of Mr. and Mrs. Edward Zalatoris and Mabel on their anniversaries, recently.

Plans Recreation For Young People At St. Peter's Hall

St. Peter's church is planning to renovate the church hall as a place where young people can find recreation.

This means a new floor, ceiling, kitchen, coke bar, volley ball, shuffle-board, ping-pong tables by way of equipment, and place to dance and roller skate. This is a big project, Fr. Henderson admits, and sufficient money will be needed.

To help this project, friends of St. Peter's have planned a St. Patrick's dance and entertainment at 8 o'clock Saturday, March 15 at the Four Aces. "Jack Evers Boys in Red Coats" will furnish the music for dancing. Refreshments will be served.

St. Ignatius Church to Confirm Adult Class, Start Second Group

St. Ignatius' Church will begin a second Confirmation class for adults this Sunday evening at 8 p. m. in the parish hall of the church. One group of adults have already been prepared for Confirmation, and will be confirmed on the afternoon of May 24, when the Rt. Rev. Charles L. Street, S.T.D., Bishop Suffragan of the Diocese of Chicago will be present to administer the Sacrament of Confirmation. The purpose of the second class is to allow those who have become interested in the Church since the conclusion of the first class to be confirmed at that time.

Confirmation classes for children will begin on Saturday afternoon, March 22, at 2 p. m. in the church. The Confirmation class for adults will extend over a nine week period, and will conclude with an hour written examination. Interested persons are invited to call the Rector of St. Ignatius' parish at Antioch 662. Parents of children are requested to notify the Rector as soon as possible if they wish to enroll their children in the class.

Radioman 2-c Ronald Scully is spending a 10-day leave with his parents, Mr. and Mrs. A. J. Scully of Main street, after having returned to the United States from a three-month trip in the Mediterranean area. He will report back to the captain's staff of the U. S. S. Greene, a destroyer on March 18.

Mr. and Mrs. William Horton, Jr., and Mr. and Mrs. Jerry Lefco returned Monday evening in the Horton airplane from an eight-day trip in Florida, most of which was spent in the Keys.

Miss Margaret Wilton of Boskick, Nebraska, returned to her home Monday, after spending two weeks in Antioch visiting her two aunts, Mrs. Blanche Keifer and Addie Zimmerman, and her brother, Saul Wilton and family.

Mr. and Mrs. David Noddin of St. Petersburg, Florida, arrived in Antioch, Saturday. The Noddins are former residents of Channel Lake, Antioch. While here they plan to sell their Channel Lake home.

Mrs. Donald Gaston and Mrs. H. B. Gaston spent Sunday in Woodstock, the guests of Mrs. Elizabeth Behler.

Nineteen members of the Green Thumbers division of the Antioch Woman's Club toured Flowerwood at Crystal Lake Monday, taking lunch at nearby Martinelli's.

Make District Mooseheart Music Day Presentations

Music Day was observed Sunday by Women of the Moose chapters of Lake and McHenry counties in a meeting at the Antioch Grade School. Shown, left to right, are Miss Hazel Johnson, Harvard chapter 500; Miss Nancy Bowman, McHenry Chapter 1348; Mrs. Dorothy Kennedy, Antioch, who talked on the Mooseheart Music scholarship; Mrs. June Schadle, Zion-Benton Chapter 859, and Mildred Gillum, Antioch. These representatives presented checks to the Mooseheart Music fund. Woodstock sent a check as its representative was absent.

Paul Whittles to Speak At Lenten Service at Methodist Church Here

The Antioch Methodist Church will continue the Lenten services Tuesday, March 18, with pot-luck supper beginning at 6:30 p. m. Members and guests are to bring their own table service and a dish to pass.

The speakers for the evening will be the Rev. and Mrs. Paul Whittle, Elston Avenue Methodist Church, Chicago. The topic is "Religion and the Family." A nursery is provided during the program.

The newly appointed pastor of the Church will preach his first sermon here Sunday. He is the Rev. Wallace R. Anderson. Mr. Anderson is from the Methodist Church in Forest Park. He has had 17 years of preaching and pastoral experience.

A Son for Okresniks

A son was born Tuesday to Mr. and Mrs. Ignatius Okresnik of Antioch at St. Therese Hospital.

Wilbur Hunter left Antioch Sunday for Guide Rock, Nebraska, for a vacation and visit. This will be the first visit Mr. Hunter has made to his home town in many years.

Mr. and Mrs. Dave Switzer and children of McHenry, were guests of relatives in Antioch Sunday.

Mr. and Mrs. Charles Watson returned home Friday after vacationing in Florida.

Mrs. W. C. Petty entertained a number of friends at a luncheon and bridge party at her home Friday afternoon.

Adolph Sykora returned home recently from Victory Memorial hospital, Waukegan, where he was taken ten days ago.

Mr. and Mrs. Peter Zalatoris spent two days visiting their son, William and daughter, Gen Cermak at La-Grange and Brookfield.

Saw Has Been Man's Tool Since Earliest Times

WASHINGTON — Cave man, no less than the do-it-yourself enthusiast of today, could hardly get along without a saw.

The first saws were serrated flints. Then man learned how to mount flakes of stone in a grooved piece of wood or bone. However crude, this composite tool with teeth was the forerunner of the powered chain saw that has been such a boon to the lumber industry.

The saw of tomorrow, forest researchers say, will be a ray that can cut a log swiftly and cleanly without leaving sawdust. The ray's intense heat will plane boards during the cutting process.

The origin of the saw can only be conjectured. One legend says the inventor got the idea from the splined snout of a sawfish; another holds that the saw was inspired by a wasp's toothed sting.

More likely man devised the saw out of sheer need. Flint saws have been found in Stone Age caves. With them, paleolithic hunters gained mastery over bone, antler, and ivory, developing a kit of tools.

In civilized societies the saw was even more important. Most wheels made before 2000 B.C. were triplicate wooden disks. It is not easy to imagine how boards could have been cut into segments of a circle without a saw of some kind. Metal saws have been unearthed from graves at Kish, one of the more important ancient cities of Sumer.

Sputnik Info Out Last Summer

LOS ANGELES — When Russia's first sputnik began its beeping around the earth last October, and American radio operators twirled dials in a frantic effort to tune in, a popular Russian magazine for radio hams carrying detailed descriptions of the sputnik's radio operation lay unnoticed on library shelves throughout the United States.

The July issue of "Radio," a monthly magazine published by the USSR Ministry of Communications, arrived at the University of California, Los Angeles, Engineering Library in August, two months before the first sputnik was launched.

The Russian word "sputnik," meaning a travel companion or satellite, was used throughout the articles which described the radio set-up of the Russian and American earth satellites.

"Radio" told its readers that radio amateurs throughout the world could make useful contributions to science during the International Geophysical Year by recording their observations of satellites, the launching of which seems to have been taken for granted by the magazine's editors.

Eye Care Is Matter For Properly Trained

NEW YORK — No matter how smart you may be at painting the kitchen or repairing damaged furniture, don't ever take your seeing problems into your own hands. Pointing out that every day is Sight-Saving Day, the Better Vision Institute stresses the wisdom of leaving all visual decisions and procedures up to a competent eye-sight specialist, who alone has the necessary training, experience, judgement and skill.

The layman can't even determine when he needs visual aid, for he doesn't know what normal standards are and seeing troubles often creep up so gradually as to go unnoticed for a long time. Far too many people only visit a specialist when they become sharply aware of discomfort or falling sight. By that time irreparable damage may have been done.

Some Big, Some Small

ANN ARBOR, Mich.—American cars are going to get bigger and bigger—and small and smaller.

Continuing increase in multiple car owning families with the family car becoming larger and the second car becoming smaller is the picture for the future, according to Aarre K. Lahti, associate professor of design at the University of Michigan.

Decentralized cities and industries will make multiple-car ownership mandatory, Lahti says.

Electric Eye

NEW YORK—An electric eye that uses atomic radiation instead of a visible light beam has been developed. The maker says it uses a small amount of radioactive isotope strontium 90 to replace the light bulb used in standard photoelectric-cell systems. Its advantages are said to be a higher degree of reliability and longer operation without need of repairs.

Antioch Sequoits End Good Season in Basketball

Antioch Township High School again produced a good team in basketball this year, finishing third in the Northwest Suburban Conference. In the front row, kneeling, left to right are Richard Behrens, a junior; Wayne Harbat, Garry Dittmer, Art Henke and Pat Roach, seniors, all lettermen and the starting lineup for most of the games this season. Standing are Coach Larry Leon, Bryan Cain, Norman Palenske, Don Pylis, Bob Poulsen, Paul Magiera, Jim Portalski, and Bill Dressel.

Benson's New Church To Organize Sunday At Hoffman Estates

The 13th Methodist church to be started in the last four years in Northern Illinois will be organized for the Hoffman Estates area, Sunday, March 16, according to the Rev. Birger Dahl, superintendent of the Chicago Northern district.

Pastors and laymen from nearby Methodist churches will help launch the new congregation at 2 p. m. services in the Palatine Methodist Church. The new church's name will be "Our Saviour's Methodist Church," Supt. Dahl stated.

Bishop Charles W. Brashares of Chicago appointed the Rev. Howard Benson as pastor of the new church last month. He has been pastor of the Antioch Methodist Church since 1953. The Bensons will live in a newly purchased parsonage at 188 Illinois Blvd. in Hoffman Estates, Roselle, Illinois.

The organizing pastor of the new church has been the Rev. Richard Mellor, director of Methodist Church Extension for Rock River Conference. "More than 90 persons have indicated that they wish to be charter members," Rev. Mellor stated. "The Sunday School has a responsibility list of 29 children at the moment," he said, "and it is growing every day." The Sunday school will be organized March 23 under the direction of the Rev. Wayne Leighty, executive secretary of the Rock River Conference Board of Education.

The new congregation has not determined yet where their regular services will be held.

A.T.H.S. Variety Show Gets Good Response From Students, Parents

The Variety Show put on by the students of Antioch Township High School last Thursday gained a warm response from both student body and parents.

The list of acts contained a rhythmic dance number by Sharon Berke and Karen Horton, a hilarious operating room pantomime featuring Frank Sebesta, Joan Burton, Dave Mitchell, Dennis Beattie and Ron Abendroth, and a rendition of "Sugartime" sung by Lois Wohlfeil and Janet Eppers.

In the instrumental line were Sue Romer with her piano interpretation of "Deep Purple" and Eleanor Ostermann playing "Cherry Pink and Apple Blossom White."

Also taking part in the production were Peggy McNeil and Carol Hanson who did a convincing dance interpretation of Raggedy Ann and Andy; Joan Burton and Frank Sebesta in a humorous pantomime of Spike Jones' record, "The Glow Worm"; Sue Romer and Jean Rentner who sang "Marry the Man Today" from "Guys and Dolls," and Eleanor Schley and Nancy Brockway with their satirical skit on teacher-student relations. Frank Sebesta, Richard Kufalk, and Dennis Beattie brought down the house with their pantomime of two hit records of Jerry Lee Lewis, "Great Balls of Fire" and "Breathless." The hilarious climax to the show was a sophomore class production of the ballet "Swan Lake." Adaptations included having husky athletes as the ballerina and the girls as their male escorts.

Sonya Pickus acted as M. C. for the production; backstage managers were Alan Moorman and Dan Seyfarth.

Investigate Street Sweeper
Mayor Murrill Cunningham, Trustee John Blackman and Street Commissioner Emil Ehrt went to Aurora Monday and examined a street sweeper made by the Austin-Western Co. They will report their observations to the board of trustees at the next meeting. The village is in the market for a sweeper.

Froelich Dance at Fox Lake

An admission-free dance will be held at 8 p. m. Saturday at the American Legion Home at Fox Lake. It will be sponsored by a group identifying themselves as the Young Republicans for Froelich for Sheriff. Morris Froelich, the candidate, will be present. Music will be provided by Jack Wightman and The Boys. A large crowd is anticipated from all parts of Lake county.

New Automobile of Russell Stowe Nearly Destroyed by Flames

A new 1958 automobile belonging to Russell Stowe was almost destroyed by fire Monday night.

Stowe placed the car in his garage at 1006 Main st., after returning home from work at 9:10 p. m. A half hour later his neighbor, Richard Landau, preparing to bring Mrs. Landau home from work, saw a flickering light in the Stowe garage and notified Stowe. They discovered flames coming from the hood of the automobile.

Despite the fact that the car was braked on parking, the two men and Virgil Burnette bounced and pulled the car from the garage. The Antioch Fire department was called, but before it arrived, the interior and front of the car were gutted.

The garage was scorched a little and a bicycle and other equipment in the building were damaged. Stowe, who like Burnette, is a fireman, believes that faulty wiring caused the blaze. Condition of the battery gave evidence of this.

The fire department was called at 12:30 p. m. Monday to the Herbert Horton home on Main street where a clothes drier was afire. The damage was confined to the machine.

Deputy Charles Larson To Show Lie Detector At Legion Open Meeting

Deputy Sheriff Charles E. Larson will demonstrate the polygraph, or lie detector machine at an open meeting of the Antioch American Legion at 8 p. m. Thursday, March 20.

An expert in the use of the machine, Larson, an Antioch resident, gives an average of 400 tests a year to persons suspected of crime. He is a graduate of the Academy of Interrogation.

Cmdr. G. W. Jensen is issuing an invitation to the public to attend the meeting and see the machine work.

"Are you a liar?" he quipped. "Come and find out," he laughingly said.

The meeting will be a social event and will be an observance of the anniversary of the American Legion as an organization.

Catherine M. Saylor, 73, Dies at Waukegan Hosp.

Catherine Maude Saylor, 73, Grand Avenue, Lake Villa, died at 4:30 Monday at St. Therese hospital, Waukegan, after a brief illness. She was born March 7, 1885 in New York City, moving to Chicago as an infant, living there until coming to Lake Villa ten years ago. She was a member of St. Peter's church.

Survivors include two sons, Ames O. of Lake Villa, and John P. of Chicago, three grandchildren and five great-grandchildren. Her husband, Joseph O. Saylor, preceded her in death in 1920.

Funeral services were held at 10 a. m. Wednesday at St. Peter's church. Interment was in Calvary cemetery at Evanston.

Forensics Contest At Salem Central

The local forensic elimination contest was held at Salem Central High School on Monday, March 10 at 7 p. m. Those contestants who received "A" ratings in each division will represent the high school at the League Forensic Meet at Port Washington High School on March 15. A single contestant or a single group, contestant in any speech event will also automatically become eligible to participate in the League Contest. Mr. Daniel Doone and Mr. John Fisher are in charge of forensic activities at Salem Central. Judges chosen for the local forensic contest were Rev. Carroll Usher of Salem Methodist Church and Mrs. Carol Merkt of Bristol. Those receiving "A" and "B" ratings were as follows:

Oration—Jeanne Anderson, B; Barbara Day, A; Pat Hentink, B; and Betty Lou Rau, B.

Humorous Declamation—Pamela Miller, A; and Donna Reiter, B.

Serious Declamation—Mary Conrad, B; Sharon Norfleet, B; and Joyce Olson, A.

Interpretative Reading—Sandra Anderson, B; Barbara Conrad, B; Louise Cook, B; Jessie Day, A; Kathy Gable, B; Dianne Hansen, B; Sharon Herda, B; Joanne Hincinik, B; Judy Schaeffer, B; Aileen Terry, B; Karen Wisnietaki, A; Maureen Winn, B.

Four-Minute Speech—Bill Foulke, B.

Play Reading—Betsy Wilson, B; Gale Flaschner, B; Dianne Halbach, C; and Carole Voitech, B.

Extemporaneous Speaking—Jim Barthel, A; Paul Eberle, B; Wilfred Meier, A; and Rodney Raether, B.

The skua gull, a bird of Antarctica, is captured for scientific study by flying nets fired from cannons.

Civil Defense.....

(continued from page 1)

available to enable a gradual evacuation of people from cities days and weeks in advance of attack warning time. But estimated warning time of two to four hours should allow ample time to start evacuation in all target areas in the state.

2. CD corps will be trained where to find and how to use stockpiled materials in natural as well as enemy-caused disasters.

3. Resource stockpiles will be checked and made ready. Special attention will be paid to food, housing, communication, transportation, manpower, health and medical supplies, power and fuel, wearing apparel, construction supplies and equipment.

4. Communities will be encouraged to demonstrate their CD effectiveness by actual drills involving public participation whenever possible.

5. Full practice use will be made of radiological monitoring teams to compute assumed radioactive fallout.

General Woodward emphasized the importance of Operation Alert by terming it a "possible last chance to analyze our defenses, to make certain of our operational readiness for a grim emergency. The ability to survive cannot be summoned or created after an attack. It must be built into our daily thinking and living well in advance. Operation Alert offers this opportunity."

"Women can make a dollar go farther—they'll drive clear across town to spend it."—Henry Morgan.

The Antioch News and The Antioch Theatre invite Roy John Gallagher, Rte. 2, Box 88, Antioch, Ill., and one to attend Sunday, Monday, or Tuesday showing of "Farewell to Arms," at the Antioch Theatre.

Drije Chevrolet Gets Evinrude Franchise For Antioch Comm.

Drije Chevrolet, 885 Main st., has been awarded a dealer franchise by Evinrude Motors, Milwaukee, Wis.

The franchise, announced today by Roger Drije, assures outboard boating enthusiasts in Antioch of factory authorized service for their motors.

"With boating one of the most popular outdoor recreations in the country," Roger Drije said, "we are especially happy to be chosen as the Evinrude dealer in this area. The quality and dependability of Evinrude motors are well known. Since 1908, when Ole Evinrude produced the first practical mass produced outboard motor, this company has been respected in the industry."

This year's line, according to Drije, incorporates a model for every type of power requirement. There are now twelve Evinrude motors ranging from three to 50 horsepower. Three of the motors are 35 horsepower units, the deluxe Lark and the standard electric starting Big Twins.

Evinrude's top horsepower units are the V-50's, Starlite electric and the 4-50 rope starting. In addition, Drije said, the other motors in the 1958 line are: an electric starting 13 horsepower Fastwin and a rope starting 18; the 10 horsepower Sportwin; 7.5 h. p. Fleetwin; the 5.5 h. p. Fisherman, and the 3 h. p. Lightwin.

"Silent outboarding, up to now the missing link in the ultimate enjoyment of outboard boating, has arrived," Drije said. Evinrude has taken a giant step in arriving at silent outboarding through its four-cylinder V-50's by reducing operational sound to less than the smallest horsepower unit of the line.

The new Evinrude 50, featuring the V-4 cylinder block, produces an extremely compact low-silhouette unit through the upending of the power head. The 50 has a cubic displacement of 70.7 inches and is equipped with many features.

In addition to his new Evinrude line, Drije handles Wizard boats, and a full assortment of boating equipment and accessories.

'57 Savings Rate Topped Debt Rise

NEW YORK — For the second time in the current decade, the American people last year added more to their "nest egg" in life insurance and other accumulated long-term savings than they expanded their debt indicating a growing restraint on the part of the typical consumer in response to the growing impact of inflation on the family budget and the adjustment trend in the economy.

It is true that the people at large went deeper into debt to the tune of more than a billion dollars a month as an average for 1957 in their borrowing to buy homes, cars, and other goods and services. The combined total of mortgages on one-to-four family nonfarm homes, consumer credit, farm mortgage and non-real estate debt, and life insurance policy loans increased by an estimated \$12½ billions for the year.

As against this, however, the total of accumulated long-term savings of individuals in life insurance, savings accounts, savings and loan associations, and current redemption value of U.S. Savings Bonds owned by individuals, rose by an estimated \$13½ billions during 1957.

Roaches Held Potential Carriers of Diseases

WASHINGTON — Cockroaches are highly dangerous potential carriers of human disease. This is stressed in a report of the Quartermaster Research and Engineering Center, recently issued by the Smithsonian Institution.

At least 18 species of cockroaches known to inhabit houses have been incriminated, naturally or experimentally, in transmission of infectious agents, or have been claimed to bite man. Several of the commonest species have been captured repeatedly in sewers, cesspools, and septic tanks and have been found migrating from sewers and dumps into nearby buildings. The predilection of cockroaches for human food is notorious. Thus, the scientists point out, the mechanism certainly exists for transference of disease organisms to man and domestic animals.

It now looks as if the St. Lawrence Seaway will cost \$473 million—against an initial estimate of \$305 million.

Science Makes Own Snow to Study Its Mysteries

WASHINGTON—Scientists have created miniature snow storms in their laboratories to unravel the mysteries of one of nature's greatest beauties.

No one has ever found two crystals of snow exactly alike, although thousands have been photographed. The six-sided crystals, as delicate as the finest lace, are copied by designers seeking exquisite patterns for dresses, china, and other objects.

A quarter of a century ago, Dr. Ukichiro Nakaya and his colleagues at Hokkaido University, Japan, began an intensive study of snow, the National Geographic Society says. By 1946 they had succeeded in duplicating in a cold chamber all the natural types of snow crystals.

After more years of research, Dr. Nakaya has reported that the variety in snow crystals is caused by differences in the temperature and the degree of humidity in the atmosphere. The discovery makes it possible for scientists to estimate upper-air conditions during a snowfall by examining the shape of snow crystals on the ground.

Snow forms through the condensation of water vapor on tiny particles of matter, such as dust, in the atmosphere. Each particle is only about five hundred-thousandths of an inch in diameter—so small that it can be studied only with an electron microscope.

In colder areas, crystals fall as individual units, but in warmer regions, crystals stick together while making their earthward journey. Such a group is called a snowflake, and, in extreme cases, it may grow to be four inches in diameter.

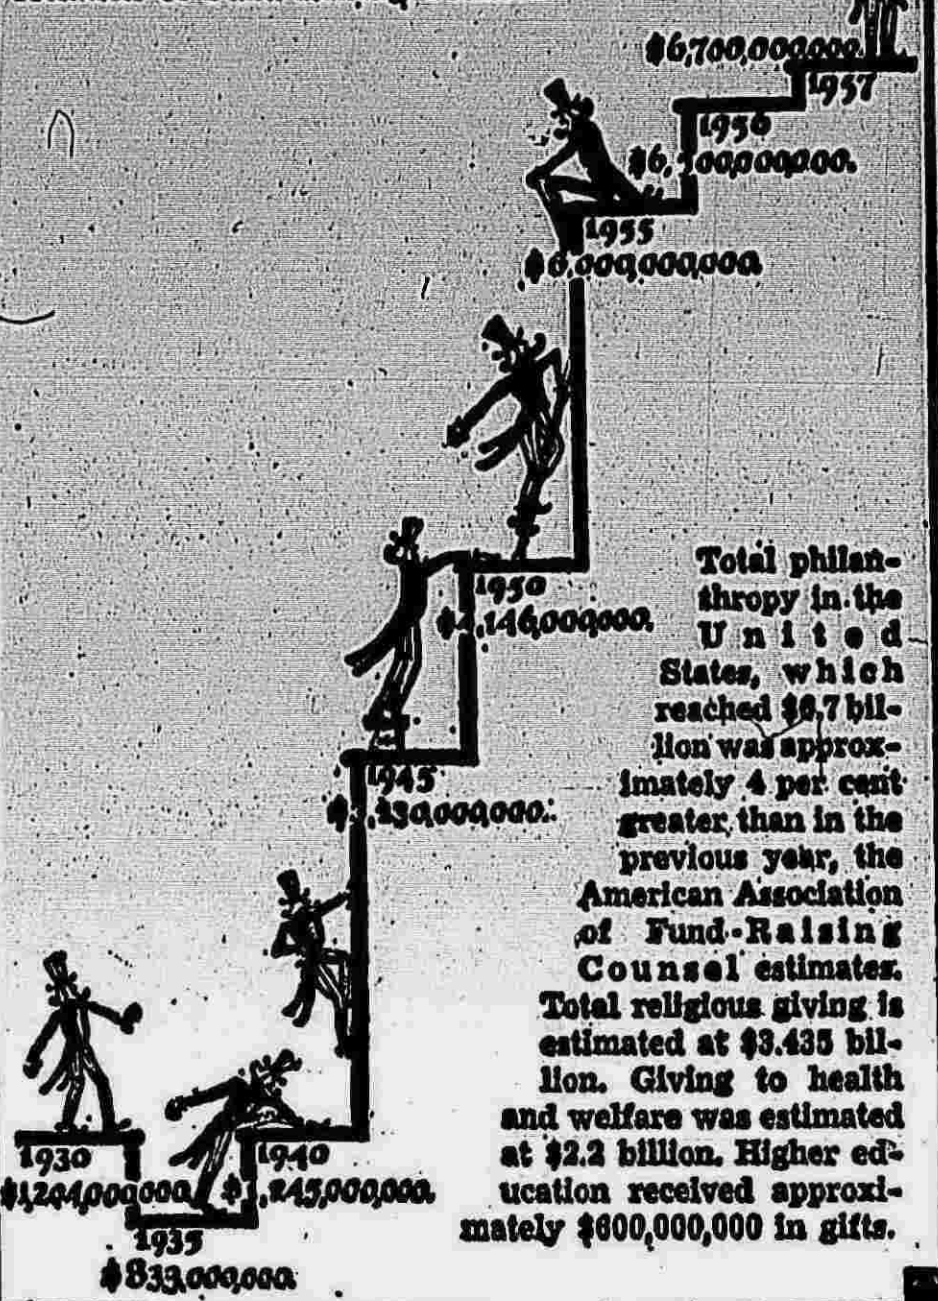

"Alcoholic Accidents"

Driving after drinking is responsible for an estimated 25 per cent of the country's fatal highway accidents. This figure increases sharply on holidays and week-ends. There appears to be a good reason for "alcoholic accidents." In a recent cross-country poll by the Institute for Safer Living of the American Mutual Liability Insurance Company, 93 per cent of all drivers questioned felt that they could handle anywhere from one to four or more drinks and still drive safely. Only 7 per cent stated that they never drove after drinking.

A guest editorial in the Journal of the American Medical Association recommends that polio shots be given infants as young as two months. In 1956, attack rates of paralytic polio were highest in one-year-old children and the largest proportion of cases occurred in the under-five-year age group.

GIVING—USA SETS NEW RECORD

Gifts and bequests of individuals, corporations and foundations reached \$8.7 billion in 1957, according to the American Association of Fund-Raising Councils.

The state of Oregon produced over-all income of slightly more than \$3 billion last year. Of that sum, the Oregon Voter reports, \$1,165,000,000 was absorbed in direct taxes, fees, licenses, contributions and other forms of compulsory or mandatory assessments, not including hidden taxes.

In September the government's cost of living index rose for the 13th consecutive month, and was 3.4 per cent above the level of a year earlier. There were declines in food prices, but these were more than offset by increases in the cost of housing, clothing and other commodities and services.

"He's been sitting on that cloud ever since he heard about that tax reduction bill pending in Congress!"

YOUR CAR WILL LAST A LIFETIME—if you are careless enough.

Just for Fun

A butcher had sold all of his poultry except one hen. In walked a woman who said she was entertaining at dinner and wanted a nice sized hen. The butcher reached into the ice barrel and brought forth his hen, flipped it on the scales and said, "This one will be \$1.35."

"Well," she said, "I really wanted a larger one."

The butcher, thinking fast, returned the hen to the ice barrel and stirred it around for awhile, then brought it forth again and flopped it onto the scales. "This one," he said, "is \$1.95."

The woman considered briefly, and then said, "I know what. I'll take both of them."

PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA.

Pontiac again proves it is AMERICA'S NUMBER ① ROAD CAR in the year's toughest test of SAFETY, HANDLING AND PERFORMANCE!

HOUSEWIFE VICKI WOOD AND HER '58 PONTIAC taught men drivers a lesson in winning the 50 m.p.h. safe passing event. The elated Mrs. Wood reported, "... our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it".

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself".

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers.

But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving.

Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to

the point of abuse and you marvel at your absolute command in every type of driving situation.

Come in—drive and safety-test America's Number 1 Road Car. You'll discover it's by far the biggest money's worth on the market!

Compute Income Tax Both Ways Before Filing

Most taxpayers who find that they are due refunds on Federal income tax withheld in 1957 will make every effort to prepare and file returns as soon as possible, in hopes of an early check from Uncle Sam.

Between 40 and 50 percent of Chicago district taxpayers fall in this category annually, according to District Director H. Alan Long of the Chicago office of the Internal Revenue Service.

"We're glad to receive returns," Mr. Long declared. "Most of them can be processed quickly and refund checks sent on their way to these people. But we'd also like to get some of that same cooperation from the rest of the taxpayers."

"We suggest that every taxpayer, and especially those who during 1957 spent large sums that might be deductible, compute his tax both ways, by using the standard deduction and by itemizing deductions—then file by the method which is to his advantage. The taxpayer who does that now, even if he finds he owes a few dollars, will be putting behind him a task which he must find easier to look back on than forward to."

"The taxpayer can be more certain of his monthly, seasonal or annual budget with this duty behind him. His financial planning is more assured. As in many other things involving the relationship of taxpayers and the revenue service, we can help each other."

BOWLING

Antioch Major League Friday, March 7

Bill Keulman bowled games of 213-217-241 for a 671 total, but his team, Keulman Bros., lost all three to Ken Blumenschein's who had a series of 2692. Marty Padjen was high for the winners with a series of 174-222-201-597.

Froelich for Sheriff also lost all three, games to Joe & Helen's. C. Gibson for the losers had a high of 562, while for the winners, Joe Sterbenz had games of 215-189-215-619 total, and Vern Baker had games of 210-182-181-573 total.

Tom Griffin had a total of 530 for Johnson's Deep Lake Resort, who lost three to Antioch Lumber & Coal Co., who had a series of 2682. Marv Shepard bowled 226-240-180-650, and Ed Kanla had a series of 204-191-229-640 for the winners.

Volo Bait shop won 1 game, with the help of Roy Zarat (202-173-181-556), while Miller Insurance took the other two. Ray Latal had games of 185-165-246-596 and Jack Smith bowled 248-180-159-567 for Miller's.

Hunt's Service Station won all three games from Rausch Bros., with a total of 2724. Dave Stratman helped win the series with his games of 200-207-180-587.

C. Neuman bowled games of 210-136-188-532 total for high on Cermak Real Estate team, who lost all three to Salem Country Club. High individual bowler for the winners was Dorne Woodhouse, with games of 171-189-197-557. Series 2663.

Ten Pin Topplers Tuesday, March 11

Gibbs & Jensen had high team series of 690-735-814-2239 total.

High individual scorer was Ruth Seyfarth, with a series of 210-153-156 for a total of 519. Evelyn Erickson had games of 183-164-169-516, and Kay Keulman bowled 129-162-215-506.

Gibbs & Jensen won two games from Joe & Helen's.

Art's Paint Store took two from Servcenter.

Sexauer took two from Hazelman's.

George's Bar won two games from Salem Country Club.

Adolph's won two games from Golf View Inn.

Tuttle Mink Ranch won two from The Van Pattens.

Auxiliary News

Americanism Essays

Mrs. Del Jahneke, Americanism chairman for Antioch Unit, American Legion Auxiliary, has announced the winning essays on Americanism in the Essay contest held by the units throughout Illinois.

The subject for the essay was "The History of the Flag of the United States of America." Pupils from St. Peter's school 7th and 8th grades and pupils in the 9th, 10th, 11th and 12th grades of Antioch Township High School took part in the contest and many excellent essays were submitted.

In Class I which comprised the 7th and 8th grades of St. Peter's school, first place winner was Stephen Delany, second, Darlene Chinn, third, Anne Elfering and honorable mention to Kay Knigge.

In Class II from the 9th and 10th grades of Antioch High School, first place winner Sharon Dittman; second, Carolyn Westberg; third, Christine Olsen and honorable mention to George Mantis and Sue Romer.

In Class III from the 11th and 12th grades of Antioch High School, first winner was Joan Burton; second Barbara Yates; third Nancy Wetterberg and honorable mention to Faye Mann.

The winning essays from each unit in the 10th district are sent to the district for judging and the winners from there are sent to the Department of Illinois for final judging.

The essays are judged by points on: Originality of presentation, 25; Relation to Topic, 25; Unity of subject matter, 10; Emphasis, 10; Coherence, 10; Correct usage and choice of words, 10; Effective sentences, 10 points.

Judges for Antioch essays were Mrs. Mary Polley, Mrs. Deborah Van Patten and Mrs. Ruth Baethke.

Tree Farm System Has Grown Rapidly

CHICAGO — More than fifteen years ago the forest industries recognized the tree-growing potential of small woodlots and began doing something about developing them through the American Tree Farm System. Since that time the Tree Farm program has had solid support from the forest industries. Under sponsorship of the American Forest Products Industries it has spread to 45 states. More than 43 million acres of privately owned woodlands have been certified as Tree Farms.

What's Your Hurry?

Why are most drivers stopped by the police? Speeding, of course! In a recent survey by the Institute for Safer Living of the American Mutual Liability Insurance Company, 50 out of every 100 drivers questioned stated that they decided for themselves what their speed limit shall be. Of these, 20 per cent stated that they drove over the speed limit on occasion, but 60 per cent admitted they exceeded speed limits as a practice. Only 20 per cent were careful to drive under posted limits.

Economic Intelligence reports that average hourly earnings of workers in manufacturing increased 10.6 per cent from 1955 to 1957, and total compensation increased 15.2 per cent. In the same period, on the other hand, net corporate profits after taxes declined 1.2 per cent.

Ocean Floor Holds Many Secrets

WASHINGTON — Scientists hope to pry open Davy Jones' locker to read the private diary of the earth.

Powdered rock, silt, plants, shells, bones, and meteorites have been dropping into the ocean abysses for billions of years. Layer after layer of sedimentary rock has formed, providing a long-old chronicle of earthly happenings. In places this record may go back to the time when oceans were first formed.

A new branch of science has developed in recent years to study the history carved in stone at the bottom of the sea, the National Geographic Society says. Known as marine geology, it is so new that until 1948 there was no English textbook in the field.

A major breakthrough occurred when a Swedish scientist, Dr. B. Kullenberg, invented the piston corer—a device for removing a long column of ocean sediment. So far, scientists have barely scratched the ocean floor with this promising technique, but they hope drilling will eventually help to answer such questions as "When did life begin?" and "How old is the earth?"

Hospitalized Child Study Is Reported

CHICAGO — The personal handling of a hospitalized child by doctors and nurses is just as important to his parents as his medical care and treatment, according to researchers.

In a report on the reactions of 100 parents whose children were hospitalized, San Francisco researchers said that hospitalization is as hard on the parents as on the child and that modifications in hospital routine and adequate explanations by the physician can do much to ease the parent's anxiety and their children's.

Of the 100 parents interviewed on the child's admission, all expressed anxiety regarding separation from their child. In 57 their anxiety was "overwhelming" and the parents "had such difficulty coping with their own fears and anxieties that they were unable to give support to their child," the authors said.

However, 44 of 68 parents interviewed on their children's discharge felt better about the hospitalization because of the "friendly personal handling" of their child by the hospital staff.

Delegates to the latest convention of the American Farm Bureau Federation approved a resolution opposing compulsory unionism and favoring a national right-to-work law. The resolution states: "No person should be deprived of his right to work because of membership or lack of membership in any organization."

On the Road Back

For a coal-miner whose home was badly damaged in last year's Kentucky floods, this is the first stride on the road back to normal living. A Red Cross worker interviews him to determine the help he will need for repairs and replacement of house furnishings. In last year's Appalachian flood relief operation, 9,500 families got long-term aid from the Red Cross.

Mathematics Returning To Former Eminence

LOS ANGELES—Mathematics is finally returning to the position of eminence it held more than 4000 years ago, according to a professor emeritus of Latin and Greek.

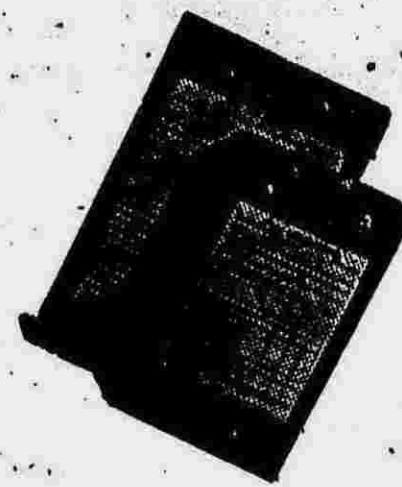

Dr. Arthur Patch McKinlay of the University of California, Los Angeles, said statements by college deans throughout the country that the demand for college mathematics by students is at its highest peak evoke only a calm "I told you so" from the linguist.

"The linguists know that when our words were being worked out some 4000 or more years ago, the word mathematics meant 'learning,'" Dr. McKinlay said.

Broken down, the Greek word mathematics is composed of "matha" (learning), "mat" (what results in), and "ics" (pertaining to).

Never allow your children to step on a shoe fitting fluoroscope. The device is unnecessary for fitting shoes and its X rays can harm not only the children, but future generations as well. But there is no danger in X rays properly used, under the direction of a physician.

ANTIOCH, ILLINOIS

Dairymen Will Attend Annual PMA Meeting In Chicago Saturday

Dairy farmers will meet in Chicago Saturday to head reports of their Pure Milk Association's progress during 1957 and to lay out plans for the 1958 business year.

The association will hold its 33rd annual meeting at the Conrad Hilton Hotel in Chicago.

Members will be represented by duly elected delegates from each of their 127 locals who will transact business, hear reports of the past year, vote on newly nominated directors from 8 of their 16 districts and pass on resolutions presented to them.

The main speaker at the annual meeting will be Charles A. Halleck, Republican member of the U. S. House of Representatives, who makes his home at Rensselaer, Ind. A. W. Colebank, Federal Order 41 Milk Market Administrator, will report on activities of his office in the market.

Short addresses and reports will be made by W. E. Winn, PMA's President, a dairy farmer from Richmond, Ill., and by Treasurer Howard C. Klett, of Joliet, Ill. General Manager A. L. McWilliams will discuss the greatly improved and new marketing facilities the association has acquired during the past year.

Milk prices will be of major importance because of Secretary of Agriculture Benson's decision to reduce dairy price supports on April 1.

Effective March 1 and for the balance of the year, the dealers have agreed to pay 25¢ per cwt. on all Class I milk until the price reaches \$4 per cwt. If the federal order Class I price exceeds \$4 per cwt., then such higher price will be paid. In addition to the Class I premium, the dealers also agreed to pay for the months of April through July not less than the March price for Class II milk used in fluid cream, sour milk, cottage cheese, and miscellaneous Class II products.

The payment of these premiums will be handled through a superpool similar to the one now in effect which expired February 28.

Temperatures Creep Higher, But Not Much

When the mercury reached 47 degrees yesterday it was the highest for March so far, according to Cooperative weather observer Roy Kufalk.

The temperature has varied only a little in the last 12 days, dropping to a little below freezing each night and barely rising enough to melt the remaining snow.

Snow still covers the ground in shaded and protected areas, from the big storm in January, and there are still large drifts that haven't given way to the sun's heat.

There has been but one-third of an inch of precipitation so far in March with all of it coming as snow. There was 0.8 on March 1, and .25 inch on March 5.

The maximum and minimum temperatures for the first 12 days of the month are as follows:

March 1—35-28; March 2—37-30; March 3—35-26; March 4—39-29; March 5—34-26; March 6—37-28; March 7—36-27; March 8—40-28; March 9—35-27; March 10—39-26; March 11—42-26; March 12—47-21.

Thus it may be seen that the temperature is creeping higher as the sun passes farther over head and stays out longer.

Science Fair at Salem Central March 20 To Show Result of Experiments on Soaps

The Salem Central High School Science Fair will be held Thursday, March 20. Exhibits will be open to grade school students in the afternoon and to the general public in the evening. Judging of the fair will take place Wednesday evening by the judges, Mr. Ralph Lehman of Union Grove, Mr. George Barnett of Paddock Lake, and Mr. Henry Otterson of Kenosha. Winners

Antioch in 8-School Council Sub-District

A sub-district of High School Student Councils may be formed of schools in the Northwest-North Suburban Conference at a meeting which Antioch Township High School will be represented at Grant High School at 4 p. m. March 24.

Mary Forbrich, Frank Ferdon, Dennis Goodenough and Paula Zeien attended a meeting at Warren High Feb. 24 at which the plan was considered. The constitution will be drawn up at the Grant meeting. One junior and one senior from each of the eight councils will attend this meeting.

Write Best Papers in United Nations Exam.

Norman Palenske and Eleanor Storch wrote papers in the United Nations examination Monday, March 3, which will be entered in the national contest for scholarships and various national and European trips.

The two rated highest among five Antioch Township High School social studies department students who took the examination. The other three are James Berke, Alice Stanton, and Gwenn Royer.

Refresher Course for Nurses

New refresher courses for inactive registered nurses who want to return to active duty will be offered in five Chicago area hospitals with classes to open the week of April 7.

Registration is now open for the courses, and applications may be made by writing the Committee on Careers, 8 South Michigan Avenue, Chicago, headquarters for information about career opportunities for inactive nurses who want to return to their profession.

W. S. C. S. TO HOLD MEETING WEDNESDAY

The Women's Society of Christian Service of the Methodist church will hold its regular meeting Wednesday March 19, at the church. Mrs. R. B. Bruhn will lead the devotions. During the afternoon a film entitled "The Younger Brother," will be shown and there will be special music. Mrs. Russell Barthel and her committee will have charge of the luncheon.

Leslie Heath, who had been at Victory Memorial hospital for the past two weeks, returned home Friday and is much improved.

Mr. and Mrs. Paul Chase returned home Saturday after a month's stay in Arizona and Mexico.

Flying Club Dissolved

The Antioch Flying Club has been dissolved as an incorporation, according to Charles F. Carpentier, Secretary of State.

In Hospital for Surgery

Fred Keller of Antioch is a surgical patient at Victory Memorial Hospital, Waukegan. Daniel Henriksen, Lake Villa, is a surgical patient at St. Therese Hospital, Waukegan.

The Antioch News and the Antioch Theatre invite Fred Franklin, Rt. 1, Box 437, Antioch, Ill., and one to attend Sunday, Monday or Tuesday showing of "A Farewell to Arms," at the Antioch Theatre.

An inferiority complex could be a blessing if the right people had it.

HERE'S HEALTH!

By Lewis

Considerable discussion is being given to the possible formation of a new major party to enter the political lists in 1960. The main leadership would come from conservative state's rights Democrats of the South, and Senator Russell of Georgia is often mentioned as a prospective standard bearer.

Some think that such a party might carry sufficient states to prevent either of the established parties from winning an Electoral College majority. In that event, the President would be chosen by the House of Representatives. This has happened twice—in 1800 and in 1824.

GEMS OF THOUGHT "THE GOLDEN CHAIN"

Kindness is the golden chain by which society is bound together.—Goethe.

In this world, one must be a little too kind to be kind enough.—Marivaux.

We see eye to eye and know as we are known, reciprocate kindness and work wisely, in proportion as we love.—Mary Baker Eddy.

Kindness consists in loving people more than they deserve.—Joseph Joubert.

To give pleasure to a single heart by a single kind act is better than a thousand head-bowings in prayer.—Saadi

The best portion of a good man's life is his little, nameless, unremembered acts of kindness and of love.—William Wordsworth.

The Lord is nigh unto them that are of a broken heart, and saveth such as be of a contrite spirit.—(Psalm 34, 18.)

All the will power in the world will not mend a broken heart, or bring comfort to a soul in deep sorrow. The love of God alone, so freely given to those who seek His forgiveness and His help, can heal and restore us to health and happiness, raise us up from the depths of despair.

"Russian teen-agers think about scientists the way our young people think and dream about becoming movie stars."—Dr. Edward Teller, atomic expert.

Phoenician tombs estimated to be 3,000 years old have been unearthed by heavy construction machinery at Rota, Spain, where the U. S. Navy is building a modern air-sea base.

HEALTH HINTS

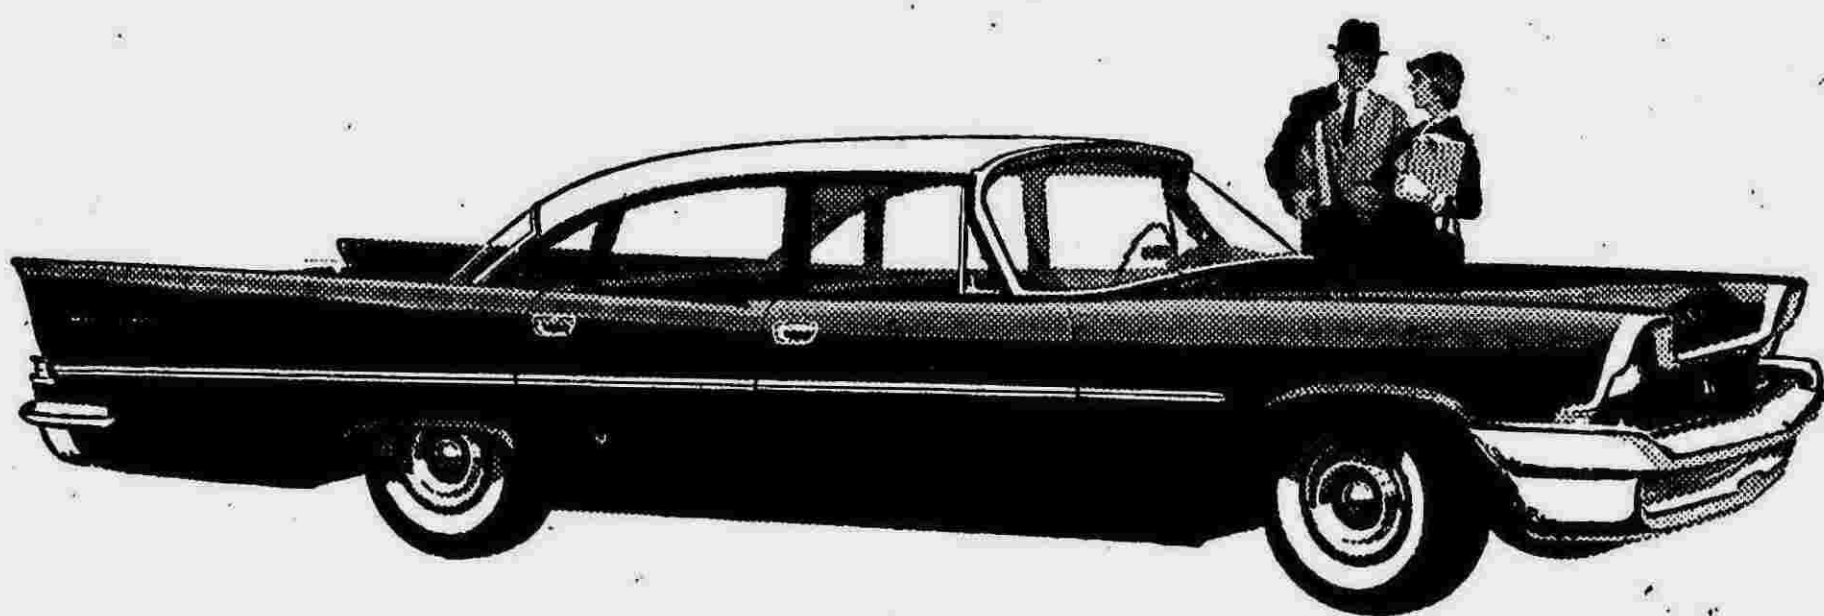

By Dr. Frank G. Flourens, President, National Chiropractic Association

"Managing" The Menopausal
Changes in the metabolism of women when they become "fortyish" are no longer a mystery. The basic change is that no more children can be born. The menstrual cycle becomes irregular and ceases; ovaries no longer function, and inconvenient "hot flashes" occur. Nerve tension and irritability may be quite common. But the back stage whispers which frightened grandmas, the tales of horrible torments and mental lapses, are nonsense. They spring from ignorance. "Change of life" is the reverse of what happens at puberty. When young girls reach a mature, child-bearing age (the exact ages differ), they shed certain functional inconveniences. When a woman undergoes menopause, she returns to the state of infertility which she left previous to puberty. The symptoms of the transition are almost identical. A wise woman can "manage" the condition by anticipating it.

This management consists in maintaining the general health during the period immediately before the expected change. Difficult menopause symptoms come from ill health from any cause. This becomes aggravated by the climacteric. Frequent chiropractic check-ups and a restoration of normal nerve function result in good body tone to resist the changes. Your chiropractor will establish a condition of balanced metabolism and correct any malfunction of the nervous system. This treatment should continue as an "anticipation" of menopause through the period itself. This is how to cope with the period in a woman's life referred to as the menopause.

PRICE THE CHRYSLER

... and prove to yourself that all car prices haven't gone up!

You can own this big, luxurious 1958 Windsor Sedan for less money than last year's model with similar equipment!

Price the Chrysler and see for yourself that you can own a big car. This Mighty Chrysler Windsor gives you all the fine-car luxury you ever dreamed of, yet it actually costs only a few dollars a month more than an ordinary small car!

Those few extra dollars buy so much more! More comfort—thanks to new roominess, new foam rubber cushioning, Torision-Aire Ride. More convenience—with smoother TorqueFlite transmission you just push a button and go. More safety—this Chrysler has four-beam dual

headlights, Total-Contact brakes, new Compound-Curved windshield. And of course you get the satisfaction and prestige that comes only from owning a Chrysler.

Economical to own, too! Chrysler's air-plane-type engine earned its class championship in the Mobilgas Economy Run. Chrysler's precision engineering keeps upkeep down. Chrysler's proved top resale value protects your investment.

So price the Chrysler today. See why we say it's the one luxury car you can afford!

African Buds Add Romantic Touch To Home Cooking

WASHINGTON—Flower buds from the African island of Zanzibar add a touch of romance to the American kitchen.

These buds, known to housewives as cloves, were once so highly prized that they served as money. Less costly now, they flavor baked ham and other dishes.

Clove trees are native to the Moluccas of Indonesia, but a far-sighted sultan established them on Zanzibar, the National Geographic Society says. Today most of the world's cloves come from Zanzibar and its sister island, Pemba.

Clove trees grow 30 to 50 feet high, and are ready for picking when the nail-like calyxes of the buds turn pink. Women and children pluck the bunches of buds from lower branches, while men climb ladders or scramble up into the branches and draw clusters within reach with hooked sticks.

To separate stems from buds, workers brush bunches together. The buds fall, and stems are tossed aside. Buds are dried on open concrete platforms to seal in their aromatic oil.

In recent years, Zanzibar has been fighting a disease destroying clove trees. Research on the "sudden death" has been going on in the same house where explorer David Livingstone stayed in 1896 while fitting out his last famous expedition to the heart of Africa.

Family Insurance At Highest Level

NEW YORK—The establishment of new family life insurance protection in 1957 attained the highest level yet recorded reports the Institute of Life Insurance. An estimated amount of \$66,500,000,000 of new life insurance was bought during the past year, approximately \$11,000,000,000 more than the 1956 total and an amount comparable to the total life insurance in force at the end of 1925.

"In this one year," notes the Institute, "more new life insurance was purchased than was outstanding after all the years of life insurance history prior to 1925. New policy plans and the development of better service methods have contributed materially to life insurance's record achievements of 1957."

Estimated ordinary insurance purchases of \$46,200,000,000 accounted for more than two-thirds of the life insurance bought in 1957, with a year's gain of nearly \$10,000,000,000 reflecting, in part, the public's response to new forms of personal protection such as the family plan and the adjusted premium offered on the purchases of larger policies.

Lyon Celebrates 2,000th Birthday

WASHINGTON—The French city of Lyon is celebrating its 2,000th anniversary, and people of many lands are joining the year-long birthday party.

In April, French President René Coty will personally open the 1958 Lyon fair. Highlights will include museum exhibits, lectures, religious ceremonies, parades, "light and sound" stereophonic shows, and operas in Lyon's archaic theater where Roman gladiators once fought.

In the eyes of the world, Lyon has long been overshadowed by its sister city, Paris. However, Lyon can boast that it was the glittering capital of Caesar's Gaul when Paris was a frontier town. Today Lyon, with a population of more than 470,000 rivals Marseille for the title of France's second biggest city.

Eye Care Important For School Success

NEW YORK—In this day of ever-increasing educational demands, all parents should see that their children are as well equipped as possible to shoulder their school burdens, the Better Vision Institute points out. An annual eyesight examination is one of the best means of doing this, for vision is a pupil's first and foremost tool of learning.

Twenty-five per cent of America's 32,000,000 schoolchildren have seeing troubles, and many of them don't realize their vision is abnormal. Some of the more pronounced cases withdraw from their difficulties by becoming day dreamers and constantly gazing out of the window. Others make a determined effort to study but find that their vision blurs after 10 minutes or so and have to rest between brief periods of reading.

Star Data
WASHINGTON—Data on star observations are provided to the world's timekeepers, surveyors, and map makers by five observatories of the International Latitude Service. Each of the five observatories is near the 40th parallel, and two are in the United States, at Ukiah, California, and Gaithersburg, Maryland. Others are in Sardinia, Japan, and Soviet Turkistan.

Antioch Township High School girls Who Attended Student Conference

The Antioch Township High School girls who attended the student conference sponsored by the Chicago Area Business Education Association on the Downtown Campus of Northwestern University on Tuesday are shown with their teacher, Miss Esther Slavin, on the campus. First row, left to right: Sharon Ott, Wanda Schluns, Nancy Bailitz, Barbara Galiger, Judy Zelbor and Diane Domek. Second row: Lois Wohlfell, Janet Eppers, Patricia Houdeshell, Miss Slavin, Pat Dressel and Cathy Arndt. Warren Polley of the faculty also made the trip.

Lindenhurst

Mrs. John Selzer, Correspondent
Telephone Elliot 6-1172

Mr. and Mrs. Richard Flinckin and family of Morton Grove were Sunday dinner guests in the Julius Ivan home.

Mr. and Mrs. E. B. Olsen of Chicago were visitors in the home of their daughter and family, Mr. and Mrs. Fred Beller this past week.

The Canasta club met at the home of Mrs. Lyle Mercer Wednesday, March 5. The next meeting will be on March 26th in the home of Mrs. Henry Ploss.

Dinner guests Thursday in the John Selzer home were Mr. and Mrs. Vincent Singer.

Randy Koeppin was guest of honor March 7 at a birthday party given by his mother. The children spent the afternoon playing games, after which each child received a prize. The climax of the day was the cake with six candles which was served with ice cream. Guests were: Ricky and Debbie Bonovitz, Joey Ivan, Billy and Johnny Springer, Billy McKay, Michael and Susan Koeppin.

Mrs. Martin Golden was the guest of honor at a surprise stork shower on Tuesday, March 4. The hostesses were Mrs. Arlene Pawlowski and Mrs. Nancy Dutcher. The party was held in the Pawlowski home and was attended by many of Mrs. Golden's friends and neighbors.

Mr. and Mrs. Dan Sanko of Round Lake Park were Friday visitors in the home of Mr. and Mrs. Lowell Graves and family.

Mr. and Mrs. Royce Johnson and sons spent several days in the home of Mr. Johnson's parents, Mr. and Mrs. Frank Simecek this past week.

Bake Sale—The Altar and Rosary Society of Prince of Peace church in Lake Villa is having a bake sale in the corridor of the school on Sunday, March 16. This is the second in a series of three to be held

before the first of May. The proceeds of all three sales is to go into the building fund. So far they have been well stocked and patronized, reports Viola Selzer and her committee, who hope they will continue to be as good.

Sunday visitors in the home of Mr. and Mrs. Dominic Guido were Mr. and Mrs. Tony Sciacca and daughters, Jeanette, Joan, Marianne, Sandra and Rose of Chicago. Mrs. Sciacca and Mrs. Guido are sisters.

League bowling results:
Wolff's won three from Klina's; Slove's won three from Fred Maier Service; Frolik's won three from Engle Realtors.

Steve Krakowski had high game, with 226, and Bob Schartz shot 587 for high series.

Standings:	W	L
1—Wolff's Resort	49½	25½
2—Slove's Bakery	46	29
3—Engle Realtors	34	41
4—Frolik's Club Villa	33½	41½
5—Klima's Resort	31	44
6—Fred Maier Service	30	45

On Feb. 15, 1898, the battleship USS Maine was sunk by an underwater explosion at Havana, Cuba. Of the 350 man crew, 260 were lost.

LITTLE BILL says:
6¢ a load
is all you pay—
to dry the clean
electric way

An electric dryer does all this for just 6¢: 3 big bath towels, 6 hand towels, 2 sheets, 2 pairs shorts, 2 T-shirts, 5 pairs of socks, 3 pillowcases, 2 men's shirts. This average 8-lb. load will take only 25 to 30 minutes.

Nothing's faster, nothing's cleaner—
and electric dryers are completely automatic

COST?
ELECTRIC DRYERS
cost
\$30 to \$60 less
to buy
than any other kind

Just 6¢ to dry an 8-lb. load of clothes the electric way. And the electric way is the completely automatic way. No igniting devices to get out of order.

Clothes dried in an electric dryer have the good fresh smell of all outdoors, too. Electric heat is radiant heat... like the sun. Clean and dry... with no combustion odors to mix with the clothes.

Electric dryers are fast. You can dry a whole load of cottons in just 25 to 30 minutes. And all the "no-vent" dryers are electric. Your laundry stays clean, dry and comfortable, makes venting unnecessary.

You'll be amazed when your electric appliance dealer tells you how little it costs to own an electric dryer. Why not see about it soon?

See your electric appliance dealer

Census Bureau Survey To Obtain Facts On Consumer Income

Special questions on consumer income, migration and family characteristics will be asked in the U. S. Census Bureau's Current Population Survey in March, according to Supervisor Theodore F. Olson of the Bureau's regional office at Chicago, which will participate in the survey. The special questions will be in addition to the regional employment and unemployment inquiries asked each month in the Current Population Survey.

The supervisor emphasized that all information about individuals furnished to the Census Bureau is held in absolute confidence under Federal law. It is used only to obtain summary figures such as totals, averages and percentages for various groups in the population and not to show information for particular families or individuals. The information cannot be furnished to any other Government agency and thus cannot be used for investigation, taxation or regulation.

The Current Population Survey will be conducted locally in 329 other areas of the country during the week of March 17. Information will be collected locally.

Just out! New, wide and handsome!

NEW CHEVROLET FLEETSIDE PICKUPS

They're as brawny as they are beautiful—three new Fleetside pickups with broad-backed builds that cut bulky loads down to size! Here are the trucks with the power and cargo capacity to tame tough jobs and look good doing it!

It's the high-styled design and broad-shouldered build of this striking new

pickup that lets you put more cargo in the box. Here's more load space than you'll find in any other low-priced pickup in its weight class! Two body sizes are offered—78" and 98" in length—both of them a full 6 feet wide. Those side panels are double-walled where it counts—built to carry rugged, body-punishing loads and still stay

new-looking longer! And you get the best remedy for overhead worry that's ever been built—Chevy's hustling Thriftmaster 6 engine. Short-stroke V8's are optional at extra cost. Let your Chevrolet dealer give you all the Fleetside facts, or details about any new Task-Force model, including America's lowest priced popular pickup!

Beauties to behold...built for more load!

CHEVROLET

NEW Styling that works for you! Those high-styled lines catch the eye, call attention to your business name!

NEW Extra-big capacity! Wider, longer, deeper bodies—with a full-width tailgate for easier loading!

See your local authorized Chevrolet dealer

Accident Rate Up Among Nation's Pre-School Group

NEW YORK—In the past two decades the mortality from accidents among pre-school children in the United States has decreased only half as rapidly as the mortality from disease. While the death rate from diseases at ages 1-4 years was reduced by four-fifths—from 417.3 to 82.4 per 100,000—between 1934-35 and 1954-55, the corresponding decrease for fatal accidents was about two-fifths—from 56.5 to 33.1 per 100,000. Consequently, accidents as a proportion to the total mortality at the pre-school ages increased from about 12 per cent to nearly 30 per cent.

Currently, accidents take about 4,800 lives a year in our country among children 1-4 years of age; this is more than twice the death toll from pneumonia and influenza, which ranks second among the causes of death among pre-school children. Many more young boys than girls are fatally injured, with average annual accident death rates of 37.3 and 28.7 per 100,000, respectively, in 1954-55.

Motor vehicle accidents in recent years have accounted for about one-third of all accidental deaths among both boys and girls.

Terrain Controls Migratory Flyways

BERKELEY, Calif.—Routes of migrating birds in the West may be determined largely by geological fault lines and mountain passes.

So thinks Dr. Loye Holmes Miller, professor of biology emeritus of the University of California, Los Angeles, now connected with the Museum of Vertebrate Zoology at the University of California, Berkeley.

Much has been written concerning the pathways followed by migrating birds, Dr. Miller points out. But many of the routes are hypothetical, being drawn with a ruler laid down on a map. Too little is known of the specific routes followed.

Dr. Miller thinks that in the West two major influences are important. (1) Geological fault lines: "My many camps along one or another of these lines have given me the feeling that they constitute fly-

lines for birds that are even more definite than some of the sky-ways of human aviators," he writes. (2) Mountain passes. "Many observations have been made by aviators that record birds migrating at fairly high altitudes and quite independent of surface topography. On the other hand, I am inclined to believe that, all other factors being equal, the bird will fly at a moderate altitude if no barrier confronts him, and that mountain passes in the West have determined some very definite fly lines."

Television Does Offer Benefits, Professor Says

UNIVERSITY PARK, Pa.—Many benefits may result from television, the favorite leisure-time pursuit of children, if we guide children to choose programs with greater discrimination and to associate this strong interest with other desirable activities.

So believes Dr. Paul Witty, professor of education at Northwestern University.

Dr. Witty said that in several studies it became clear that the amount of television is not related closely to intelligence or scholarship. Excessive viewing of TV, however, seems to be associated with somewhat lower academic attainment.

"Although TV does not, on the whole, appear to influence educational attainment markedly, teachers and parents report undesirable effects in individual cases," Dr. Witty said. "On the other hand, there are children who have been stimulated to do better work because of interests engendered by TV."

School Daze

NEW YORK — More than one young person out of ten today fails to complete grade school. Only about half of our young persons of appropriate age graduate from high school and only 14 per cent go through junior college or the first two years of college work elsewhere, notes a study recently made by the Twentieth Century Fund.

Iron Countries

NEW YORK—Eight countries—the United States, Cuba, Brazil, France, the USSR, India, Southern Rhodesia, and the Union of South Africa—hold 90 per cent of the world's total reserves of iron ore. The United States and South Rhodesia together account for 60 per cent (24 and 36 per cent, respectively).

40 YEARS AGO
March 7, 1918

The Antioch Milling Co. is ready to open its flour mill, which will be located in the old Huber building on the corner of Main and Depot streets.

From Salem—The autos are beginning to run on the Geneva road. Fourteen new autos made the trip from Chicago to Janesville, passing through here Wednesday.

35 YEARS AGO
March 8, 1923

Delegations of officials and property owners from Lake Villa and Antioch numbering close to 100 appeared Tuesday a. m. at the meeting of the supervisors and asked for prompt action in bringing action to bear to open up the full length of Route 21 to Wisconsin.

Fire partially destroyed the hen house of Frank King's early Tuesday morning. The fire started about 1:30 and was put out in short order by the fire department after what seemed considerable delay in getting the hose into play.

The truck carrying the hose to the fire at the Frank King home Monday ran over William Story's leg, bruising it quite badly.

30 YEARS AGO

Webb's Racket Store and King's Drug Store were burglarized last Saturday night. The next place visited by the prowlers was Kettlehut's meat market, and there the door knob was left sticky from the same hand that had been in King's cherry syrup. At no place were articles of value taken.

The village primary election was about as tame and quiet an affair as can be imagined. Officers approved on the ticket were: President, B. F. Naber; trustee full term, Fred Hawkins, Nason Sibley, H. J. Vos; to fill vacancy, William Dupre; treasurer, Ernest Brook. In the vote for police magistrate, T. E. Somerville received 3, William Gray and H. Gelstrup each 2, J. E. Brook and Harry Isaacs each 1. The total vote was 78.

27 YEARS AGO

Mrs. Louis Horton and daughter, of Waukegan, visited at the home of her parents, Mr. and Mrs. Joseph Panowski, Tuesday.

Mr. and Mrs. H. A. Radtke arrived in Antioch last night after spending two months in Dallas, Texas, and other southern parts.

Mrs. Elmer Hunter was hostess to her bridge club Tuesday. Prizes were awarded to Mrs. Leonard Case, Mrs. Elmer Rentner, and Mrs. Alonzo Runyard.

32 YEARS AGO
March 11, 1926

The high school is closed for the remainder of the week as five of the teachers are sick with the flu.

The basketball banquet has been postponed for a week.

Frank Kamin, bank clerk at the State Bank of Antioch, made a visit through the News office on Tuesday morning. We mention the fact because he asked us to put his name in the paper, so we are complying with Frank's wishes.

Mr. and Mrs. John L. Horan spent Friday and Saturday in attendance at the Illinois Press Association Midwinter meeting held at the Sherman Hotel, Chicago. Editors from all sections of the state of Illinois were present and many matters of interest were discussed in the up building of the rural community.

Christian Science Society of Antioch—Odd Fellows Hall. St. Ignatius Church—Fr. Gwyn of Libertyville will be at the 10:30 services next Sunday, for communion and sermon.

Methodist Church—The Ladies' Aid will meet Thursday, March 11.

ECONOMY
TV
TOPICS

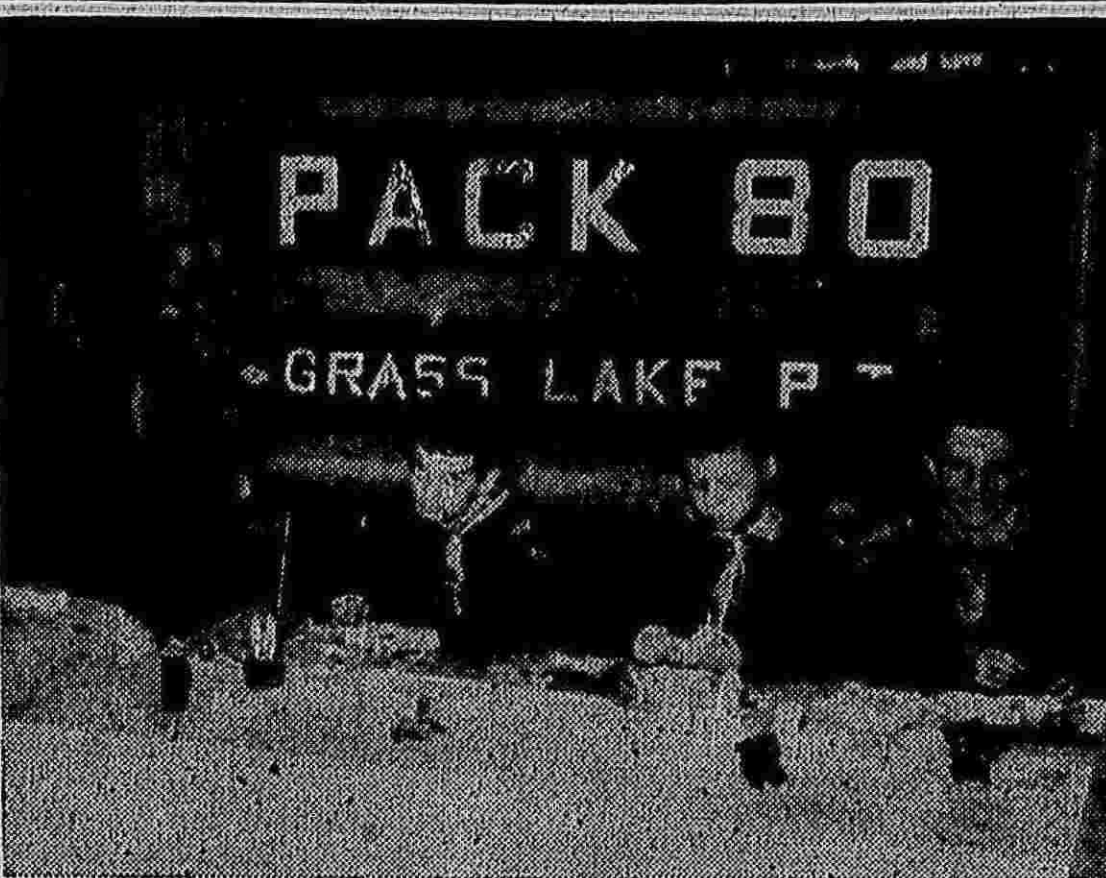

(By Harold "Pete" Peterson)

HI-FI GOO

Listening to hi-fi enthusiasts talk, you would swear that every other word is nonsense unless you're one of them. For example: A Macintosh isn't an apple, it's a brand of amplifier; the speaker is a 'squawker'; the bass type is a 'woofers' and the high treble is a 'tweeter'. The 'wiggles' and the 'wow', the 'flutter' and the 'RPM' all have something to do with the turntable. If you're thoroughly confused by this time, then you're not a complete addict to the hi-fi frenzy. When you finally succumb to this neurosis, you're an 'audiophile'.

We're treating all varieties of HI-FI disorders at the ECONOMY TV, on rt. 173, 1 1/2 mi. west of Antioch, besides the lesser record players, portable equipment, radio and, of course our mainstay, television. Phone Antioch 1454 for professional electronic services.

Grass Lake Den 80 Has Soap Carving Display

Scout Pack 80 of Grass Lake gained much attention with their soap carving display at the Scouting March 1 at the Lake County Fair Grounds. Shown here are, left to right, Natalie Witkowski, den mother; Daniel Schissler, Kenneth Kazel, Robert Murphy, Douglas Zale, Earl Besso, Scoutmaster chairman, and Jerry Murphy.

At the home of Mrs. Hazel Sibley. At the morning service March 14, the sermon subject will be "The Way." In the evening, the sermon series on the Gospel of Jesus for the world today will be concluded with the address "Jesus at School."

25 YEARS AGO

On an all-star basketball team of eight players chosen among players in the Northern Lake County Grade School conference, Jack Crandall, son of Mr. and Mrs. Lester Crandall, received a Forward position. Young Crandall was the only Antioch player placing on the team. Players from Grayslake, Gurnee, Allendale, Lake Villa and Fox Lake won positions.

James Stearns, Ed Simonsen, Bay Shultis and Richard Allner from the Antioch Fire Department visited Milwaukee fire stations Wednesday, inspecting inhalator equipment and also a fire boat.

Resolutions advocating a reduction of the rate on electric power and gas, the codification of the state law pertaining to village organization and one of grief at the death of Mayor Cermak were voted at the meeting of the village trustees' board, held Tuesday night at the Village Hall.

The resolution adopted and voted to be sent to the Cermak family was drawn up by Trustee Nason Sibley and is published elsewhere in this issue. Eugene Runyard, Village At-

torney, who was present for the meeting, was instructed to draw up the resolutions to be sent to the Public Service Co., regarding the reduction of rates.

One of a series of musical assemblies which are given for the students of the high school was given by the chorus of the high school on Wednesday. On Thursday, the assembly was in the form of a pep meeting in preparation for the game that night.

NEW for MEN with a YEN for BOOKS—Our rental library has been shifted to the front of the shop where there is no danger of book-seeking, males becoming entangled with feminine attire. Come in and browse around. The MARI-ANNE SHOP.

Gertrude Hawkins, young daughter of Mr. and Mrs. Arthur Hawkins, who has been ill with flu, is convalescing.

Remember the Royal Neighbor card party, Tuesday night. Everyone invited. Admission, 25 cents.

Spring house cleaning will cost less. White Naphtha—10 bars 19c; 5 lb. pkg. Naphtha Soap Chips 19c. Palmolive, 3 bars—15c. Gamble Stores 8th Anniversary Sale begins March 11th.

Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read II Corinthians 5:14-21. Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (II Corinthians 5:17). The superintendent of our church school was a man greatly beloved and respected by all who knew him. But he had not always been so highly regarded, for there was a time when he lived a very sinful life, which almost wrecked his home. During that period of his life he was asked once each year to sing in the church in which he had been brought up and of which his mother had been a most devoted member. One anniversary they were singing her favorite hymn:

"And can it be that I should gain
An interest in the Saviour's blood?"

As they sang, memories of his mother crowded his mind and clutched at his heart. That night he could not sleep. The hymn so convicted him of his sinful life that he prayed to God for forgiveness. He was made a new man in Christ Jesus. In gratitude, he then pondered another question:

"Amazing love! how can it be
That Thou my Lord shouldst die
for me?"

Prayer

Almighty God, we thank Thee that Thou art able to save to the uttermost all who come to Thee in faith. Let Thy love be shed abroad in our hearts that we may know its transforming power in Christ. In His name we pray. Amen.

Thought for the Day

HAVE YOU EVER THOUGHT ABOUT THE CHURCH?

Have you ever considered the Episcopal Church? The Episcopal Church has a long history, an unbroken Apostolic Succession from Jesus Christ, the Son of God. The Episcopal Church keeps that Ministry and those Sacraments ordained by Christ Himself. The worship of the Church is the most worthy that men can use to reach God; the devotional life of the Church is rich, to satisfy the soul longing for God. The Anglican or Episcopal Churches hold to Catholic and Apostolic faith and order, without addition or subtraction.

This and more about the Church will be explained in Confirmation classes which for adults will begin on Sunday evening, March 16th at 8:00 P. M. Confirmation classes for children will begin on Saturday afternoon, March 22nd, at 2:00 P. M. All interested persons are cordially invited to attend. There is no obligation. There need be no hesitation. Over half the growth of the Episcopal Church is through converted adults. Interested persons may call the Rector, Father Edmond E. Hood, at Antioch 652.

School of Instruction

A school of instruction for those Antioch judges who will serve on the board at the polls during the primary will be held at 8 p. m. tomorrow (Friday) at Emmons school, Mrs. Helen Burke, committeeman announced. County Clerk Garfield Leaf will instruct the judges on their duties. New judges in Lake Villa and other townships may attend if they desire.

Give Driver Training

Antioch Township High school is offering 10 Lake county high schools giving driver training. The schools are Grayslake, Libertyville, North Chicago, Round Lake, Waukegan, Zion, Wauconda, and Warren. A total of 10 schools throughout Illinois.

Mrs. Gaston had occasion to spend the night with her daughter, Mrs. H. E. Shepard and did not discover the burglary until her return home Thursday evening.

The thieves broke the lock in the rear door in getting into the house. Only the dining room and living room of the whole house escaped ransacking and clothing was taken from drawers and scattered everywhere. Doors were left ajar, and while the front door was open, the thieves evidently left by the rear door because a jewel case taken from a drawer upstairs was dropped on the floor there after being emptied.

Through the choice of clothing there was evidence that a woman was present. Antioch police sought finger prints from articles the burglars had handled.

January Sales Tax \$4,382
The sales tax collection for Antioch in January was \$4,382.

at the Board of Directors of the Forest Park Community Chest. He was a co-chairman of the Community Chest Drive in 1956, and he also served as acting president of the board before coming to Antioch.

Other organizations that Mr. Anderson worked with are as follows: A member of the Forest Park Citizens Committee for Better Schools, a member of the board of directors of the Family Service Association of Provost Township, troop committeeman for Boy Scout Troop No. 108 in the Thatcher Woods Area Council, and a member of the P.T.A. in Forest Park.

Mr. Anderson and his family are now residing in the parsonage at 586 Parkway in Antioch.

Conduct Scout Courses
James Horton of Antioch is a member of a training committee that is conducting a seven week course for cub and boy scout leaders at Avon school on Rte. 21 at 8 p. m. each Tuesday. The course started March 13.

Kenosha, where he has been an ambulant patient since last November.

A native of Germany, Mr. Frank was born March 13, 1860. He spent his early life in Germany, coming to the Wilmot area at the age of 21. He engaged in farming. During his career at Wilmot he gained popularity as a dance player, using the accordion. He still is able to play the instrument and entertain patients at Brookside.

He retired from farming and moved into Wilmot in 1918 and served as caretaker for a cemetery. More recently he took up residence west of Kenosha on Rte. 43. He uses glasses for reading only and occasionally takes walks off the Brookside grounds.

He has five children, 10 grandchildren, and 19 great grandchildren.

Read II Corinthians 5:14-21.

Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (II Corinthians 5:17.)

The superintendent of our church school was a man greatly beloved and respected by all who knew him. But he had not always been so highly regarded, for there was a time when he lived a very sinful life which almost wrecked his home.

During that period of his life he was asked once each year to sing in the church in which he had been brought up and of which his mother had been a most devoted member. One anniversary they were singing her favorite hymn:

"And can it be that I should gain
An interest in the Saviour's blood?"

As they sang, memories of his mother crowded his mind and clutched at his heart. That night he could not sleep. The hymn so convicted him of his sinful life that he prayed to God for forgiveness. He was made a new man in Christ Jesus. In gratitude, he then pondered another question:

"Amazing love how can it be
That Thou my Lord shouldst die
for me?"

Prayer

Almighty God, we thank Thee that Thou art able to save to the uttermost all who come to Thee in faith. Let Thy love be shed abroad in our hearts that we may know its transforming power in Christ. In His name we pray. Amen.

**HAVE YOU EVER THOUGHT ABOUT THE CHURCH?**

Have you ever considered the Episcopal Church? The Episcopal Church has a long history, an unbroken Apostolic Succession from Jesus Christ, the Son of God. The Episcopal Church keeps that Ministry and those Sacraments ordained by Christ Himself. The worship of the Church is the most worthy that men can use to reach God; the devotional life of the Church is rich, to satisfy the soul longing for God. The Anglican or Episcopal Churches hold to Catholic and Apostolic faith and order, without addition or subtraction.

This and more about the Church will be explained in Confirmation classes which for adults will begin on Sunday evening, March 16th at 8:00 P. M. Confirmation classes for children will begin on Saturday afternoon, March 22nd, at 2:00 P. M. All interested persons are cordially invited to attend. There is no obligation. There need be no hesitation. Over half the growth of the Episcopal Church is through converted adults. Interested persons may call the Rector, Father Edmond E. Hood, at Antioch 652.

Mr. and Mrs. Richard Wells entertained the following guests at a birthday dinner at their home on Sunday, March 2: Mr. and Mrs. Curtis Wells and grandson, Raymond Ames, Mr. and Mrs. Warren Wells and son, Gary, of Gurnee, and Mr. and Mrs. Harold Butler and three daughters of Waukegan. Mrs. Curtis Wells had a birthday on March 3rd, Carol Jean Wells was three years old on March 3rd, and Elaine Wells was 5 years old on March 4th. Elaine and Carol are daughters of the Richard Wells.

Nancy Moeller, Rebecca Day and Judy Van Patten attended a birthday party for Amanda Fritz at her home on Savage road. She was 7 years old.

Mr. and Mrs. Norman Edwards and family and Mr. and Mrs. Bert Edwards visited relatives in Rockford on Sunday.

Mrs. Arthur Stoneberg entertained Laura Leable, Doris Leable, Violet Laursen, Shirley Gehl and Jean Coll at a pizza luncheon at her home on Wednesday.

Mrs. Harrie Tillotson passed away Wednesday evening, March 5, at St. Therese hospital, following an operation on Feb. 27. The funeral was held at Strang chapel at Antioch on Saturday afternoon with burial in Hickory Union cemetery.

Wilbur Hunter left Chicago by train on Sunday afternoon for Bostwick, Nebraska. He accompanied his cousin, Miss Margaret Wilton. He will visit George Wilton and other cousins at Guide Rock, Nebraska, where he was born.

Mr. and Mrs. Curtis Wells called on Owey Hollenbeck at Victory Memorial hospital in Waukegan Sunday afternoon.

Mrs. Lillian Robbins of Chicago visited her cousins, Mr. and Mrs. Will Thompson Friday night and Saturday.

Mr. and Mrs. Joe Sheehan attended the wake of a friend, Milton Justice Friday evening in Woodstock.

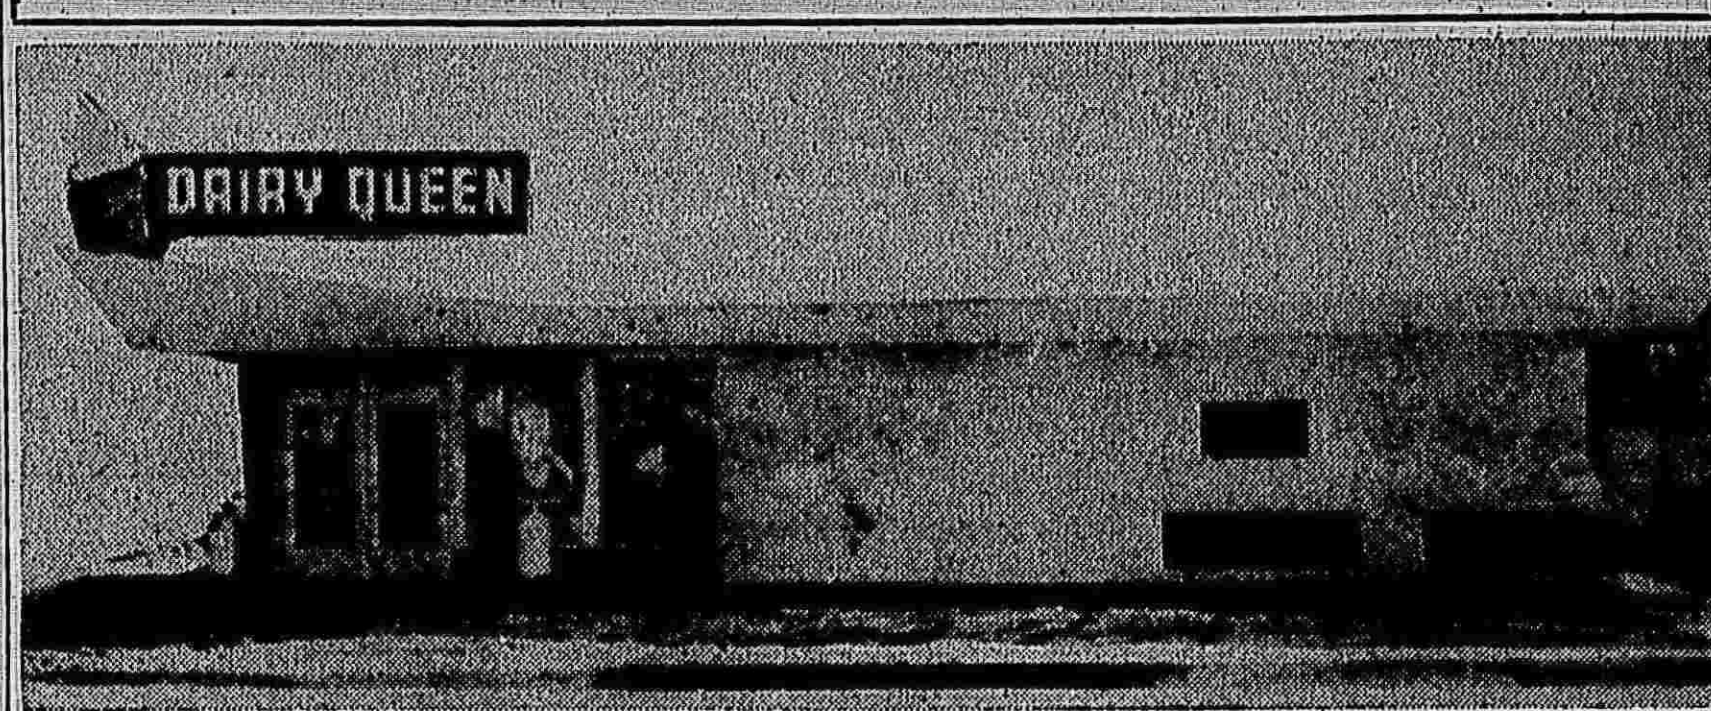

Mr. and Mrs. William Hallada and children of Port Washington, Wis., spent the week-end with their father, Harrie Tillotson.

Mr. and Mrs. Fred Leable were Sunday dinner guests at the home of their daughter, Mrs. Blanche Alverson, in Kenosha.

Mr. and Mrs. Harold Wells and children from Slades Corners, Wis., were Sunday afternoon callers at the Spencer Wells home.

Oliver Gregerson of Waukegan and Mr. and Mrs. Arthur Stoneberg and sons, Donald and Dick, were Sunday evening dinner guests at the Avery Leable home.

The Rosecrans Birthday club met at the home of Mrs. Avery Leable on Tuesday with a pot luck dinner at noon. Mrs. Clifford Crittenden is the birthday lady of the month.

New Dairy Queen Building on South Main Street Opens

Opened Saturday for the first time was this new Dairy Queen, an entirely new building and new business for Antioch on South Main street. Owners are Mr. and Mrs. Corwin Bennett of Petite Lake. It has the latest of equipment and the advantage is that customers are served at an indoor counter. There is also much parking space. Its season is from March 1 to October 1. Its product is like ice cream and contains all the vitamins, but only 4 per cent butter fat. Fountain combinations are available along with dairy drinks.

Read II Corinthians 5:14-21.

Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (II Corinthians 5:17.)

The superintendent of our church school was a man greatly beloved and respected by all who knew him. But he had not always been so highly regarded, for there was a time when he lived a very sinful life which almost wrecked his home. During that period of his life he was asked once each year to sing in the church in which he had been brought up and of which his mother had been a most devoted member. One anniversary they were singing her favorite hymn:

"And can it be that I should gain
An interest in the Saviour's blood?"

As they sang, memories of his mother crowded his mind and clutched at his heart. That night he could not sleep. The hymn so convicted him of his sinful life that he prayed to God for forgiveness. He was made a new man in Christ Jesus. In gratitude, he then pondered another question:

"Amazing love! how can it be
That Thou my Lord shouldst die
for me?"

Prayer

Almighty God, we thank Thee that Thou art able to save to the uttermost all who come to Thee in faith. Let Thy love be shed abroad in our hearts that we may know its transforming power in Christ. In His name we pray. Amen.

Thought for the Day

"The love of Christ constraineth us."—George W. Moore, (Ontario)
Daily Bible Reading—Luke 12: 1-30.

Mrs. Robert Erwin of Waukegan was a caller at the home of Mrs. Frank Edwards Friday afternoon.

SALEM TWP. YOUTH RECREATION ORGANIZATION

The Youth Recreational Organization of Salem Township held its regular monthly meeting Wednesday, March 5 at 8 p. m. at the grade school.

The meeting consisted mainly of reports from the following clubs which the Y.R.O. sponsors: Cub Pack No. 8, Brownie Troop 147, Sowsco Junior Rifle Club, also from the Boy Scouts who are sponsored by the Salem PTA, but whose leaders are members of the Y.R.O.

The Organization would like to thank everyone who helped make the Donkey basketball game a success.

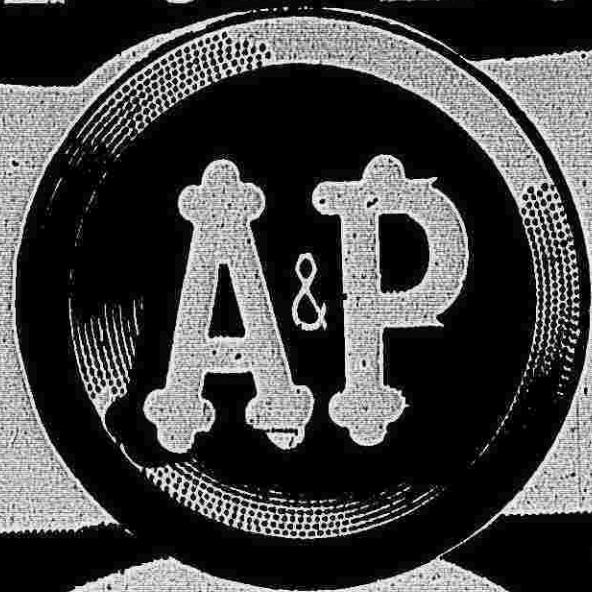

Refreshments were served by Wm. Couch, assisted by Al Johnson, with Jasper McCormack pouring the coffee.

The next meeting will be held the first Wednesday of the month. Your help is needed to make our future citizens better citizens. Make a date to attend.

The Youth Recreational Organization of Salem Township would like to express their thanks to everyone who helped to make the Donkey basketball game a great success; and to congratulate the Wilnot Fire department on scoring over the Trevor Fire department 14 to 4. Members of the teams are as fol-
